## The OREGON STATESMAN, Salem, Oregon, Saturday Morning, January 16, 1932

OAK POINT, Jan. 15. - The meeting Thursday night of the Oak Point Parent-Teacher association was well attended. G. A. Peterson, chairman of the finance committee, announced there would be a play put on in the near future.

Mrs. R. L. Wright of Salem. state vice-president of the association, said she was glad to see how this chapter was thriving, having been organized only last April. Her talk was based on the good a Parent-Teacher association is to a community. "We can cooperate with our teacher and it is the only | 3-8-1-2. organization that deals intimately with children," she said

A large picture of George Washington was sent to the Oak Point school, as a reminder that this February 22 will be the 200th anniversary of the birth of George Washington. A committee composed of Mrs. Hugh Rogers, Mrs. M. R. Black and T. J. Primus was appointed to meet and plant shrubs in his memory.

A warm debate on the England-India problem was next on the program. Mrs. Hugh Rogers and G. A. Peterson took one side, with Louis E. Reese and Miss Clara Long opposing. No decision was given.

J. A. Merrial of the Portland union stock yards gave an interesting talk and said his company would cooperate with the Smith-Hughes teacher, Howard Bennet of Independence, in helping the 4-H club boys and girls in their projects at Oak Point. A humorous debate, Resolved,

That the scarcity of money is the cause of depression, brought much applause. Mrs. Lenore Peterson and Will Webb took the affirmative, while Grove Peterson and Mrs. R. A. Alderson took the negative.

Several musical selections were furnished by Bunny and Alena Bremmer. T. J. Primus is president of the P. T. A.

movement of prices is concerned. Recent sharp lowering of practically all lines created more or less increase in consumptive volume and resulted in somewhat better undertone in the trade.

In regard to butter this appears more true than in the egg-situation. The public is buying butter more freely than for many months. With some of the leaders retailers selling the better grade stock down to 25c lb. which is a very close margin, and leaves little profit-the public is showing its appreciation by purchasing two pounds where it formerly bought but a single pound.

Burdensome surpluses of butters are thus worked off and gives a market a chance to rest.

BALLSTON, Jan. 15 - Max Gehlhar, head of the state agricultural department, was main speaker at a Farmers' Union meeting held here Thursday night. Burden of his talk was that farmers will have to adjust production to the land. He touched briefly upon the recent controversy over the state fair directorship, and declared everything was adjusted satisfactorily and duties defined. It was reported that plans are

virtually completed for setting up the Farmers' Union bulk oil station at Derry, near Rickreall. This is one of the co-op buying plans undertaken by the Union. This local is making plans to attend the quarterly Polk county meeting at Dallas Jan. 20. Amos Henton is leader of the local group, and J. J. Sechrist is sec-

NEW YORK, Jan. 15-(AP)-Undismayed by early declines of to 3 points, the stock market drew fresh buying support during the latter dealings today.

Although there was some irregularity at the close, final prices on the average showed an even balance between small gains, and losses and bullish converts felt that the stronger tone of the current week had been maintained. United States government bonds turned reactionary, as was to have been expected; there was also some selling in rail loans, but the market hardened toward the end. Trading in both stocks and bonds slackened, turnover in the formerdropping to 1.628.326 shares, or roughly a million shares less than

on Thursday. Both markets seemed to be discouraged by the delays at starting the railroad wage and employment conference: both, however, picked up when Chicago dispatches said negotiations were actually to get under way. New York Central led the upturn in carrier shares, although top prices in the group failed to carry through to the close. Farm implement stocks were

strong, featured by Case and Harvester. Utilities firmed once the recovery started; nevertheless, American Telephone wobbled in the last few minutes and lost 11/2 on the day. U. S. Steel, which had sold off a point, finished 3-4 higher. Tobaccos quieted down.
