Z passed; A opened with a bid of 1-Heart, which Y doubled to force his partner's response; B passed. An informative double of one of a major suit normally shows five assisting tricks for partner. Z's hand counted five probable tricks at spades (the ace of hearts counting as only one trick, because the suit had been bid adversely), promising game in case Y was strong in spades. If Z responded with only 1-Spade, having passed previously, Y might not support a minimum response, but Z's bid of 2-Spades would be supported if possible, even if Y held no values more than shown by his double. Z bid 2-Spade, which Y carried to game.

Often it is difficult to fulfill a game contract when a hand has been bid to its limit. Z won the opening heart lead with his ace. It

JERSEY CLUB WILL SPONSOR EXHIBITS

Madsen is President Again; Other Officers Chosen For the new Year

Decision to hold a spring Jersey show at a time and place to be decided later was reached at the annual meeting of the Marion county Jersey cattle club, held at the chamber of commerce rooms yesterday. Victor S. Madsen of Silverton and Mrs. Frank Kuensting of Woodburn were re-elected president and secretary-treasurer, respectively, at the meeting.

Other officers elected were: Samuel Torvend, Silverton, vice-president, and Frank Kuensting, director for three years. Hold-over directors are Gordon Jones and Mr. Torvend.

M. G. Gunderson of Silverton, by virtue of winning three consecutive years owner of two Jersey Cattle club trophies, offered to give these into the club again as permanent trophies for annual competition, provided that should such competition cease, the trophies revert to Mr. Gunderson. The club accepted the offer.

The club will work during 1932 to double its members, to 60, and the board of directors instructed to draw up a tentative program for the year's activities.

Indication of the present situation in the cattle industry was summed up by one member, during course of discussion, as follows: "Buyers were out this week, and picked up 100 cows for beef, but what they offered me for the 10 wouldn't buy two of them."

But a more optimistic outlook was given by Mr. Gunderson, who declared there is going to be a big demand for cattle when things begin to open up. He said he believes California buyers will come in and pick up all the cattle Oregon will spare.

The Oregon Jersey Cattle club will meet here next Saturday, with F. E. Lynn, Perrydale, president, and W. S. Bartlett, Independence, secretary. The Oregon Dairy association will meet Feb. 9 and 10 at Clatskanie, it was announced.

Cash Bonus Will Be Discussed at Legion's Session

Cash payment of veterans' adjusted compensation certificates again will be discussed at the meeting of Capitol Post No. 9, American Legion, in McCornack hall on Tuesday night. Whether the matter will be put to vote had not been decided yesterday.

The Legion at its national convention last September followed the wishes of President Hoover and did not demand the cash payment. As the situation now stands, the certificates will become payable in 1945. Congressional action taken in 1930 permitted the veterans to borrow up to 50 per cent of the face value of the certificates.

With the 1932 membership of the post now standing at 350, action will be considered at the meeting relative to means of reaching the 1932 goal of over 700.

ELLIS BACK FROM TRIP TO CAPITAL

Washington, D. C. has been experiencing weather too warm to be comfortable, William P. Ellis, local attorney, found upon his visit there in connection with a damage case before the interstate commerce commission between Crown Mills and the S. P. S. railway. Ellis returned from the east Friday night after absence of 13 days.

It's difficult to tell much about business conditions in the national capital he declared, but said brief stops at Chicago, St. Louis, Kansas City and Denver indicated a general sentiment that things are really on the up-turn.

In Chicago he visited Ray Smith, Salem attorney who is in a hospital there and who expects to be confined for several more weeks. Smith is looking anxiously ahead to the time when he will be able to return to Oregon, Ellis said.

Ellis is chairman of the legislative department of the local chamber of commerce.

The record shows that this organization's percentage rating was 99.7, leading Battery D of the same regiment, stationed at Klamath Falls, by .6 of a point.

Battery B, as a result of its high rating, wears from its rival in Klamath Falls the coveted perpetual challenge trophy donated by the Oregonian many years ago and which has been consistently won by the Klamath Falls unit for the past three years.

ASPIRANT OUTLINES NEW ELECTION LAW

Bailey Circular Tells Plan Of Non-Partisan Judge Choice in Oregon

J. O. Bailey, state senator from Multnomah county, and candidate for a position on the supreme court, uses his circular of announcement to explain some of the features of the new non-partisan judicial law. This applies to election of judges in the supreme court, circuit and district courts of the state.

Being non-partisan the primary and general election ballots for judges are separate from the party ballots.

Candidates also must signify which positions they are candidates for. The supreme court positions are numbered from 1 to 7. This year positions 2 and 3 are to be filled again. Senator Bailey is a candidate for position No. 3, at present held by Judge George Brown.

Another feature is that no slogan appears after the name of a candidate for the judicial office. Bailey gives a brief biographical sketch in his circular. Native of Iowa, graduate of Grinnell preparatory school, graduate of Harvard, practiced law in Spokane until 1910 when he came to Portland where he has since resided, except for five years as assistant attorney general in Salem.

Bailey was elected state representative from Multnomah county in 1924 and 1926, state senator in 1928. His family consists of a wife and four children. From 1927 to 1930 Bailey was a member of the Portland school board. At the last session of the legislature he was chairman of the senate judiciary committee.

GRANGE WILL MEET SECOND SATURDAYS

No Mention Highway Board Situation at Meeting Of Salem Chapter

Meeting date of Salem grange No. 17 was changed from the fourth Saturday to the second Saturday at the session held yesterday all day at the hall over Miller's store.

The change, which had previously gone on record as greatly in favor of C. K. Spaulding's highway program, did not bring the matter before the business session.

Six applications for membership were received. Officers were installed as the feature of the afternoon ceremony. Executive officers were elected as follows: S. H. VanTrump, J. J. McDonald and F. F. Townsend.

Early American history as seen through the eyes of the writers who do not hold the patriots up as perfect men, was discussed by S. H. VanTrump. He spoke of the movement that last quarter of a century to pull curtains away from historical incidents and view them in true, impartial light, and showed how Barnes and other historians came to say England's attitude toward the colonies was one of protection from French and Indians rather than selfish aggrandizement.

The musical program as announced was carried out with addition of a violin solo by Mrs. Clarence Bowes.

Visitors were present from North Howell, Chemawa and Maclean granges, several of these assisting with the installation of officers.

STOCK SALE FRAUD CLAIMED IN COURT

Suit to recover funds from Joe Kaster, R. E. Loomis and W. L. Niederheid has been filed in circuit court here by G. H. Templeton who claims that he, along with friends, invested money in the Umpqua Pulp & Paper company on the basis of false representations.

Templeton asks for the return of \$1000 he invested, \$2500 F. M. Layton invested and \$1000 Frank Grossman invested. Numerous untruths were stated by salesmen selling the stock, Templeton claims. He says the Umpqua firm was represented to have water rights worth \$50,000, land worth \$25,000, Garinder Lumber company stock worth \$266,000 and other property which included 800,000,000 feet of timber, a sawmill, general store and a hotel.

The plaintiff says that Gerlinger of Dallas, D. J. Fry of Salem and a Japanese firm were all represented as purchasers, the Japanese firm being depicted as owners of \$500,000 worth of stock. These allegations were all false, Templeton says.
