

### NEW MANAGER FOR WARNER DUE SOON

Much interest is being displayed in the question of who will be the next manager of Warner Bros. Salem theatres following the sudden resignation and departure of Earl Rice who came here early this fall to take over the work following the transfer of Marty Schwartz to Los Angeles.

Mr. Rice was transferred to Los Angeles but not with Warner Bros., whom he left with regret he said to take a better position with a Los Angeles theatre company. He will manage the large Los Angeles theatre, said to be one of the most beautiful motion picture houses on the coast.

Mr. Rice, who was to make the move, did not know definitely until Sunday that his terms were accepted and that he was to go. He left at once and behind him left regrets because unable to personally bid good bye to his many friends and business acquaintances made during his brief stay in Salem.

Speaking of the man who is to come within the next 10 days to take over the management of the two Warner Bros. theatres here, Mr. Rice indicated him to be a veteran showman and that he would maintain the same policies which have marked the activities of the theatre operations so far in Salem.

While no intimation was given as to whom this man would be, rumor indicated a man would be sent from one of the theatres farther north, perhaps in Washington.

### Tuesday Day of Change in Road Crews, Decided

The working week for men employed on state highway relief jobs is to begin Tuesday of each week instead of Monday, it was announced here yesterday by the county court. About 75 men will be employed each week by the court, the work being rotated each fifth week.

This means that a man working six full days at \$3 a day gets one week's work out of five or \$18 cash income from his job over a five weeks' period. Commissioner James Smith said yesterday that few of the men had been able to secure jobs for the period between which they were working.

Smith said the county was employing 75 men each week on its own work, paying these men \$2 a day. These men are rotated every other week, working one week and being idle the next. Thus their bi-weekly income is \$12.

### Art Exhibit Due To Open Tonight

Salem Arts league will present a painter of northwest landscapes, Anton Piers, tonight at the city library as its guest speaker for the regular January program. This meeting is open to the public. Mr. Piers has a group of his paintings which will be placed on exhibit with the Tuesday night program and will continue on exhibit in the fireplace room of the library for the remainder of the week, closing Saturday night late.

### Fire Appliance Proves Success

Proof that an extinguisher dust manufactured by the Zenith Fire Appliance company is effective in putting out fires was given in a spectacular demonstration at State and 13th streets yesterday afternoon. The company representatives first ignited a 25-foot wall of wood soaked in gasoline. When the dust, contained in a small can, was thrown at the base of the flames, they went out almost instantly.

### HITLER OPPOSED TO COMMUNISM, CLAIM

As long as Hitler remains a dominant political influence in Germany, that nation is safe from bolshevism, Dr. F. G. G. Schmidt declared in a talk made Monday noon before the Salem chamber of commerce. Schmidt, 34 years professor of foreign languages at the University of Oregon, made a tour of Germany last summer. His own address was an informal sketch of affairs as he saw them in central Europe.

Hitler, while Marxian in economic, does not favor a communistic state. He does hold steadfastly to the belief that Germany cannot pay her reparations debts and must pay her commercial obligations, Schmidt claimed. Hitler's position regarding Jews was criticized by the speaker.

Germany's state-owned enterprises such as her railroads, have suffered in recent years by the liberal policies followed by the government, Schmidt feels. Efficiency has declined markedly. The dole has been widely used in Germany, workers who are family heads getting \$3.50 a week while unemployed. He said the dole system had created much begging among men out of work.

### TOBIE SAYS HE'LL NOT BE CANDIDATE

Supt. H. E. Tobie of the Stayton schools has vigorously denounced the idea that he would be a candidate for the position of county school superintendent. He has written a letter to Mrs. Fulkerson, incumbent, assuring her of his loyalty to her and saying: "I know of no movement at the present time antagonistic to the present county school superintendent. If there were, you may be assured that I am not a party to it and will not be."

Tobie states that the people in Stayton, while disagreeing with the ruling of the district boundary board on transportation matters make their disagreement one of principle and not to be constructed as antagonistic to the county superintendent.

### Action Against Sevier Company Appealed Higher

Notice of appeal to the United States supreme court in the case of the Wallowa National bank, plaintiff and respondent, vs the Sevier commission company of Portland, appellant, was filed in the state supreme court Monday.

The state supreme court recently denied a rehearing of the case after affirming the lower court, which held for the plaintiff.

The action involves the collection of a check for \$14,000 by the commission company, which it was alleged the bank of Kenton had collected prior to the time it closed its doors.

The check was in payment for livestock.

### County Receives Share of State Employees' Fund

The county court received \$600 here yesterday from the state employees' relief funds which are being raised monthly and distributed throughout the state. The \$600 check marks the December contribution. The court also has collected \$230 to \$240 from the courthouse employes for their December contribution, the various workers giving one day's pay a month.

These sums are pro-rated by the court to relief agencies throughout the county, Salem receiving one-half of the funds received and the other cities in the county the other half. The December receipts from the state group were considerable larger than the November funds since the highway employes all contributed ten per cent of their December salaries.
