July Crop is Sold up Even With May on Rate Necessitates new Grain Board

CHICAGO, Jan. 25-(AP)-Likelihood of crop damage to new winter wheat east of the Missis- fective Monday on cattle and hogs, sippl led to better buying of the Valley Packing company here grains late today and to conse- moved to offset the increase by quent price upturns.

July wheat, representing the new 1932 crop, sold even up with May, which stands for wheat already on hand in elevators or in farmers' bins.

Rallying from early setbacks, wheat closed unsettled 1-8 to 5-8 to up, oats unchanged to 1-8 higher.

PORTLAND, Jan. 25 .- (AP)-General trading in the butter market suggests a steady tone locally. No changes in open market values were suggested. Strength is shown in spots on account of the increased call.

There was no change in the general basic price in the egg trade here for the week's opening. Weakness is shown in spots but greater consumption is again noted While prices indicated no gen-

Rate Necessitates new Transport Method

With freight rate increases oftruck shipments. The increase on cattle is 66 2-3

per cent, and on hogs, 78 per cent, At the same time a 41 per cent decrease in sheep, single deck shipments, became effective. The decrease in the sheep freight rate comes, observers say, above Saturday's finish, corn 1-8 as recognition of the ease with which sheep can be trucked.

The increased rates will effect materially any livestock shipped out of the Willamette valley to Portland, according to shippers here.

The Valley Packing company, which is often forced to ship stock here from Portland due to low supply in valley points, has heretofore used the rails, but yesterday was shipping by truck. Whether it will continue this policy has not been definitely estab-

A truck line for livestock purposes has already been organized between Portland, Seattle and Tacoma, it is said. A similar line which would serve Salem, Albany and Eugene points is in process of organization.

A truck and trailer can handle around 25 cattle, nearly as many as are shipped to the carload.

The Saucy Brothers yodeling quartet, singing like the Swiss and Tyrolese mountaineers, was very popular.
