HAWAII OKEH

Asserting that "the old-type Hawaiians are the grand people" and "that it is the lower class, produced by intermarriage, that causes trouble," Miss Helen Judd, daughter of Governor Judd of Hawaii, now a student at Hill College, Oakland, Cal., stoutly defended the natives of the "Island Paradise." Commenting on the Massie case, Miss Judd said she had lived in the islands all her life and has never had cause for fear. Her great-grandfather was the first Hawaiian missionary and the family has lived there ever since.

AS FINLAND CAST WET BALLOT

Scenes like the above were the order of the day when the voters of Finland balloted to decide the fate of what is their equivalent of our Eighteenth Amendment. The nation-wide referendum resulted in an overwhelming vote being cast for the repeal of the prohibition law. The most remarkable feature of the referendum was the heavy vote cast by Finnish women, most of the credit for the abolition of the unwanted law being awarded to them as a consequence. Photo shows a peasant woman, who journeyed a long way to register her protest against prohibition, marking her ballot at a Helsinki polling booth.

Woodburn News

WOODBURN, Jan. 26.—Jay C. Allen, a son-in-law of Mr. and Mrs. A. E. Austin, who has been a foreign newspaper correspondent and head of the Chicago Tribune offices in Madrid, Spain, has received communications that he will probably be shifted to Paris, where he will probably be head of the news office there. The news of the probable change became known from a communication received by Mr. and Mrs. Austin.

Mrs. Allen, formerly Ruth Austin, Julia Bell Austin, and Michael Allen, Mrs. Allen's small son, plan to make a trip on the Mediterranean sea, visiting the Balearic islands. They will also see the southern seacoast portions of Spain and France. The trip will last about two months.

Saturday night, February 6, has been chosen as the date when the women's auxiliary post of the Woodburn American Legion will hold its special benefit dance at the armory. A part of the money will also go to remodel that part of the armory where the women of auxiliary meet.

A well-known orchestra has been engaged for the dance. Major Oliver S. Olson and Dr. Gerald B. Smith have charge of publicity for the affair and Mrs. Gerald Smith has procured the music.

To Work on Field
The local American Legion post has set aside Sunday, January 31, as the time when the Legion members will start work on the city baseball field which is to be the home field of the junior Legion team this summer. The main work to be done is the erection of a fence around the field and repairing the grandstand. If that work is finished in time Sunday, work will probably be done on the field itself, which is in a bad state of repair. A tractor has been donated to help fix up the field. The women of the auxiliary plan to serve lunch to the workers.

Apparently the Legion post has accepted the \$50 that the city
