# DAIRY COST FACTS FURNISHED IN POLK

### Figures Show County Ahead in Production Above Valley Average

DALLAS, Jan. 27—Twenty-two owners of dairy herds in Polk county have been cooperating with the state college in assembling cost production figures for the dairy industry. The three year period will be completed in March.  
These figures have brought out the fact that Polk county herds continue to average a little higher in production than the average for all the Willamette valley counties. Last year the average production for these herds was 301 pounds of butterfat.  
The highest average from the 22 herds was 412 pounds of butter fat per cow and the lowest producing average for a herd was 210 pounds. This was for the 12 months ending April 1, 1931. A decrease of 13 cents in the cost per pound was shown under the preceding 12 months, and the figures for the year just ending are expected to be even less.  
The Polk county dairymen cooperating in this study are Henry Dickinson, C. W. Sparks, G. W. Independence, Del Tedrow, A. H. Cedargreen and M. B. Lucas, Monmouth; I. J. White, McCoy; Henry Schulson, Dallas; P. J. Frizzell, T. B. Sears, J. P. Hamilton, G. L. Richards, J. P. Sears, E. A. Babcock and S. L. Stewart, Rickreall; E. E. Buckles, R. C. Shepherd and A. H. Madsen of Lincoln. Altogether 301 herds in the Willamette valley are furnishing these records.

# WALNUT, FILBERT GROWERS TO MEET

DALLAS, Jan. 27—Problems of the walnut and filbert growers in Polk county, Friday, January 29. The agriculture committee of the Brush College grange are cooperating with J. R. Beck, county agent, in arranging the two meetings at which Paul W. Miller and C. E. Schuster, investigators for the U. S. Department of Agriculture, will be the speakers.  
The Friday morning session will be held in the court room in Dallas, starting at 9:30 o'clock. The afternoon meeting will be in the community hall of West Salem beginning at 1:30 o'clock.  
Dr. Miller will speak on the control of walnut blight and diseases of nuts. Mr. Schuster will discuss propagation and cultural practices for both walnuts and filberts. Getting the right stock on the right ground has much to do with the success of nut growing, and these meetings will bring out latest information for production of these two crops.

# PROBE OF FOREIGN BOND SALES ASKED

WASHINGTON, Jan. 27—(AP)—With an assertion that "shameful practices" in the flotation of foreign loans in America had been revealed, Senator Johnson today introduced legislation to bring such credits under close federal supervision and restriction.  
The California republican, at whose behest the senate finance committee has been investigating foreign security marketing here, presented two bills—to establish a board with control over the loans and to require public reports on all such credits.  
The "foreign loan board," as it would be called, would supervise all negotiations between American bankers and foreign governments seeking advances. The reports on loans would be made to the secretary of commerce.  
The senate committee's investigation was concluded today with the receipt of a mass of evidence regarding Latin American loans.

# DUFWIN'S PLAYERS MAY APPEAR HERE

Possibility that Salem would see productions staged locally by the Dufwin players from Portland at least once a month loomed yesterday when Louis B. Christ, manager of the Dufwin company and Walter Slegried, stage director, came to Salem to confer with local theatre owners to see if arrangements could be made to appear here.  
During the winter season in Portland, visiting shows are booked at the Dufwin theatre, the local company giving way to the visitors. On such nights the players are arranging out of town performances. Tacoma has booked several appearances of the Dufwin players. The management regards Salem as an excellent theatrical town and was hopeful yesterday that arrangements could be made to bring the players here at least once a month.  
The Dufwin company has never as yet appeared in Salem. Several years ago the Moroni Olsen players made regular appearances here but since that time Salem theatre-goers have seen nothing but movies produced locally.

# FUNERAL IS TODAY FOR CRASH VICTIM

Funeral services for Mrs. Viola S. Davenport, who died Monday as the result of an accident in which the car she was riding in went into the ditch, will be held from Rigdon's mortuary today at 1:30 o'clock. Rev. C. H. Adleman will be the officiating minister and interment will follow in the I. O. O. F. cemetery.  
Mrs. Davenport was returning to Portland with her father, Robert Thomas, from Linn county where they had been visiting with friends. On a curve in front of the state tuberculosis hospital Thomas lost control of the car because of a defective steering apparatus and the car plunged into the ditch injuring Mrs. Davenport fatally. She was taken into the hospital and died two hours later.  
She is survived by five children, Lee, Harley, Clifford; Catherine and Elizabeth, all of Portland; also her parents, Mr. and Mrs. Robert Thomas.
