Matinee Program Promises Much

One of the most interesting of matinee programs is promised for January 31 at the Portland auditorium by the Portland Symphony orchestra. William van Hoogstraten, conductor of the orchestra, has grouped music by Wagner, Strauss and other noted composers, and in addition Miss Lillian Pettibone, Portland pianist, will play the Schumann concerto with the orchestra.

Miss Pettibone, received much of her musical education in Portland. She won first place in the state and northwest district contests of the Federation of Music Clubs in 1929 and represented the Federation of the Northwest in Boston, where she played, winning favorable comments from America's leading critics.

In addition to the Schumann work which Miss Pettibone will play, the orchestra will present the overture to the "Flying Dutchman," one of Portland's favorite symphonic works, and incidentally one of the few which the orchestra plays almost every year. Wagner's overture will start the program.

Other compositions presented include S. O. O. by Robert Braine, which will be presented in Portland for the first time at the Sunday matinee; the "Voices of Spring" waltz by Strauss, "Finlandia" by Sibelius, and Chabrier's "Espagnole."

The program as a whole is one of the most ambitious given this season at the matinee concerts, including as it does the appearance of Miss Pettibone, and the long and interesting list of purely orchestral works.

As usual the concert will start at 3 in the afternoon, and Mr. van Hoogstraten asks that all attending come early enough to be seated before the concert starts.

"I'm Cook enough to Know..."

WHAT I know about making cigarettes...doesn't amount to anything at all! But I'm a good enough cook to be sure of this...You can't get a thing to taste good...unless you use fine ingredients.

"And what's more...you have to know just how to combine them.

"It must have taken an amazing knowledge of tobacco flavors...to work out that recipe for Chesterfield's good taste.

"Just as in a pudding...the proof of any cigarette...lies in the taste.

"Recently I tried Chesterfields for the first time. Right away, I knew that such taste and fragrance had to come from grade A ingredients...to say nothing of a carefully worked out recipe for combining them.

"Then, too, I found Chesterfields milder. I didn't know a cigarette could be so mild and at the same time so good-tasting.

"And have you noticed the paper? Pure white. I'm told it's the purest paper that can be bought.

"Even the package is whiter and cleaner-looking. Little things, I suppose, but I'm cook enough to know that purity and cleanliness must count in cigarettes too."
