### OREGON TEACHERS SHOULD GET JOBS

Employing Outsiders Means More Workless People Here Says Howard

Appeal that preference be given Oregon school teachers for employment in Oregon school districts was contained in letters prestruction, for the consideration of district officials.

"The purpose of this communication is to urge that special consideration be given to the employment of Oregon teachers in filling vacancies for the coming school year," Howard wrote.

"Under normal conditions there is something to be said to some exchange of teachers from state to state. But these are not normal times and there is an acute necessity for giving employment to able teachers Aready here rather than to bring in teachers from outside the state.
