Woodburn News

WOODBURN, Feb. 17 — Roy Hewitt, dean of the law school at Willamette university, gave the students at Woodburn high school an interesting insight into the Chinese-Japanese muddle Tuesday afternoon when he addressed the entire assembly.

Dean Hewitt, who has visited the Orient recently, and has conducted tours in those countries, asserted that the Japanese can never win a war from China, since China's population is so much greater than that of Japan that it would be difficult for the Japanese army to kill as many Chinese as are born every minute.

The speaker told of the typical lives of Chinese and Japanese, and pointed out how vastly different the two races are in many ways. "Japan," declared Dean Hewitt, "is virtually a fairy garden, while China is the nearly perfect picture of equality and poverty." Food is very dear in both China and Japan, and very few of those persons ever have enough to eat. The fact is especially true in China.

As for the war, Dean Hewitt was of the opinion that it will mean very little to the people of the United States.

Accept Water Map
Official acceptance of a completed map of Woodburn's water system, including all connections and mains, was accepted at a meeting of Woodburn's city council, Tuesday night. R. H. Corey, a Salem engineer, has worked on the water map for about two months. Several maps were offered for approval and acceptance. With the maps, Corey presented a detailed report, telling of his work and also advocating work that should be done in order to im-

prove Woodburn's water system. The matter of straightening up the city's accounts, so they will not show values which the city does not actually possess now, was considered. The city has put the actual amount of money into the property as it is listed on the city's books, but the values of the properties is much less, and it is the opinion of the council that appropriate slashes be made.

Councilman Hoeffel declared that he is in favor of the move, but would like to look over the accounts before he decides to take definite action.

McCord Appointed
It was decided that Elaine McCord, city attorney, be appointed as a delegate from Woodburn to attend the meeting of the League of Oregon Cities, which is to be held in Eugene Friday and Saturday.

Commissioner Muir was instructed to fix a crossing on a street that connects with Bottle avenue. The underpinning of the wooden crossing has rotted out, so a new crossing is to be made. Blackberry vines are overhanging the walk on the north side of Bottle avenue, and the recorder was instructed to write to the owner of the property on which the blackberry vines are and ask him to remove them.

Councilman Espy raised an objection to the minutes of the last meeting, concerning the wording as a delegate from Woodburn to attend the meeting of the League of Oregon Cities, which is to be held in Eugene Friday and Saturday.

the local American Legion post. Trial in Woodburn
Frank Kirsch of St. Paul was arrested Monday night on the Woodburn-St. Paul highway by state police officer Ross, on a charge of operating a vehicle while under the influence of intoxicating liquor. He was taken to the Woodburn city jail, where he stayed till morning, when he appeared before the justice of the peace, Hiram Overton, who fixed Kirsch's bail at \$500. He was later taken to the county jail at Salem. The trial is to be held here February 23.

DANZIG — (AP) — Germans in east Prussia have taken a leaf from Holland's book and at the estuary of the Nogat, where 4,000 acres were under water, constructed dams and drains which dried the entire tract of arable land.

MIDGET MARKET

IT IS EASY
To advertise a stale inferior article at a low price in order to "clean up". A policy that many markets resort to. After the "junk stock" is sold, they are "just out" or it was a "special". That is probably one of the reasons WE are selling more meat than ever. When you see it in our ad, it's so.
