He has as long been opposed the Umatilla-Wallula highvious state highway commissions because they did not, in one gesture, authorize a north-south highway into sparsely settled Grant county to open a new territory tributary to Pendleton.

### Institution Has Majority **Country Boys**

WOODBURN, Feb. 22-A re cent survey made at the state training school for boys, located about two miles north of Woodburn, on the Pacific highway, showed that there are at present 82 boys living at the institution. Contrary to general belief, the number of boys from the country committed to the school is more than the number of incorrigibles from the cities. The continuation of Premier Inukai's seiyukai party in power was a usual procedure in Japanese elections but his margin of majority, 136, seats was unexpected, despite the selyukai boast they would capture 300 seats.
