"Emma" just had to be held over another day at the Elsinore. There were too many requests by persons who hadn't been able to see it, to be ignored.

CHINESE ATTACK IS ROUTED, IS REPORT

(Continued from page 1)

The Chinese warned foreign shipping away from the Japanese military base on the Whangpoo—a step that was taken as notification that they were determined to stop with guns the Japanese effort to land two divisions of army reinforcements on the way.

Some military observers expected that the Chinese would seize the offensive with a mass attack on the Japanese positions in Hongkew, hoping to clean them up before the enemy's strength was doubled by incoming units already reported on the way.

All foreign consuls were asked by the Chinese authorities to get their nationals out of all sections of Shanghai close to the Hongkew stronghold without delay.

cooperative at Portland, refuted this assertion by declaring that in Portland, while prices had been both raised and lowered to greater degree than the two-cent discrepancy between C and B grades in Salem, no change was noticeable in consumption of milk.

Pasteurization, held the distributors, makes D grade milk, which is not inspected, safe for consumption. Dr. Douglas declared, however, that "pasteurization was not meant to make dirty milk clean, but merely to give added protection."

Although in final analysis the hearing was for the purpose of considering whether or not consumers should have C grade milk if they desired, no consumers were on hand to express an opinion. Attending the meeting were 35 milk producers, distributors and health officials.

BROWN ARRESTED IN ASSAULT CASE

Earl Sonner, who also travels under name of B. W. Brown, will appear in justice court today for arraignment on an assault and battery charge. He was arrested at his home on route eight, Salem, yesterday afternoon by Constable W. E. DeLong, and is being held in the county jail.

Arrest was made on complaint of Mrs. Grace Brown, who lives with Sonner but who has admitted to authorities that she is not his wife. They have one child and each is said to have children by a previous union.

The quarrel which led to the arrest occurred Monday at the home, she claiming that Brown injured her wrist and otherwise mistreated her.

Moses urged all members of the credit association to make inquiries through the association and not to the individual members, pointing out that only through the association office could the correct estimate of the paying

GOOD PICTURES TO BE GIVEN BACKING

The moving picture committee representing 18 women's clubs of Salem met Tuesday afternoon with a newly appointed moving picture committee from the Salem Ministerial union, whose chairman is Rev. J. R. Simond, and considered plans for activity.

The plans for action on the part of the women's clubs committee which is headed by Mrs. M. D. McCallister, have had to do with the improvement of the type of show offered to Mickey Mouse matinees which McCallister has secured excellent cooperation on the part of Manager Rice, and his successor, Manager Carey.

The committee is now interested in giving heavy backing to those pictures coming to local picture houses which have received the stamp of approval of the California Preview board of Women. Copies of the names of endorsed pictures from this group will be placed in prominent places in Salem where the public may see them and know what pictures have received the support of the local women's clubs as well as those of California clubs. Pictures not approved will be left pass in silence.

The ministerial union committee joins the women's clubs committee in support of this policy. As to the Saturday midnight preview the women's clubs committee will take no action, according to Mrs. McCallister, the committee feeling that this is a question for the homes to settle rather than for clubs to interfere. No comment was definitely made as to the slant on the part of the ministerial union committee in regard to the midnight preview.

HORRORS OF WAR TOLD IN LETTERS

slipping. The Chinese try to get into the Chapel district which the Japanese have taken over and they shoot. Then the Japanese shoot and take off as prisoners most any Chinese in the general direction. The paper reports that 150 suspects were killed by the Japanese this morning.

Margaret wrote another letter dated February 8.

"Oh, Mother, this war is horrible," she said. "Last night the fighting was even worse. There were 30 new fires started in the North second. Six thousand Americans are arriving today to protect the settlement.

"Stories of Japanese cruelty are likely exaggerated as was propaganda during the war—but at best, from all we know, Japan's attitude seems absolutely incalculable."

"Yesterday we viewed the North district through glasses from the roof of the navy Y. M. C. A. and all the while machine guns and fires were in action. Everything is incongruous—the comparative safety of us just on the front line at Soochow creek and just across, war. It is impossible to get used to. It's becoming more acutely international all the time. Everyone thinks French town is safest and we're right in the middle of it, but the shelling and machine gun fire seems mighty near at night when things are quiet after curfew."

Under date of February 3, Betty related how she and Margaret were awakened by sound of the fighting.

"Every 30 seconds a big boom and in between, the put, put, put of machine guns," she said.

Betty concluded her letter with a prayer for an end of the conflict.

"Who can tell what the outcome can be?" she wrote. "We talk and speculate and read the papers, but we haven't seen the light yet. If only international friendships would somehow or other come about overnight!"

ARREST OF CANDEE MAY SOLVE THEFTS

Solution of a number of recent Salem burglaries is believed reached as the result of the arrest at Portland of Elwin Candee, 17, who allegedly shot Neil Buley, 14, there Monday. Chief of Police Minto announced that he is certain, after telephone conferences with Detective Thatcher of Portland, that Candee stole from the Harry Scott motorcycle shop and the Star Exchange here.

Candee and companions also burglarized the Reiner second hand store on North Commercial street February 7, it is believed. An automobile stolen at Portland that night was found by Salem officers in front of the Reiner store. A Salem officer also is said to have surprised Candee in the Star Exchange burglary here Sunday morning. When the officer shot at him, the youth fled.

GIRL RESERVES TO GATHER ON FRIDAY

Registration for the Regional Spring conference of Northwest Girl Reserves has started early with 122 registered at Y. W. C. A. headquarters Wednesday. Only three of these came from Salem and none from Silverton and Chemawa so it is thought by local Y. W. C. A. workers that at least 200 will be registered at the opening of the session Friday night at the First Presbyterian church.

Because of so much illness there have been several cancellations of offers to give rooms and breakfasts to visiting girls. Anyone who is able to fill in for these cancellations may telephone the Y. W. C. A. with such offer and greatly aid the hostess committee in caring for the guests according to Mrs. Elizabeth Gallaher, local secretary.

Plans for entertainment for the visitors include an educational program by Salem and its institutions and industries under the direction of the Salem chamber of commerce, and Mrs. Prince Byrd and Miss Virginia Wassam.

Covers for 200 are being planned for the banquet to be held Saturday night at the Presbyterian church. Saturday afternoon between 2 and 5 o'clock Wilamette university women will be hostesses for tea to the visitors at Lausanne hall. Miss Doris Clarke is in charge of these plans.

The charming hostess relies on **MAX-I-MUM COFFEE**

The charming hostess serves her guests the finest, full-flavored coffee she can buy. That is the reason she relies on Max-i-mum brand. It has that distinctiveness of flavor achieved only from expertly blended, freshly roasted and carefully ground coffee. Vacuum sealed to guard its freshness and coffee goodness Max-i-mum is always dependable.

Attend the demonstration of Max-i-mum Coffee at the Statesman-Bakery Cooking School.
