Krueger's Death Cause of Concern: Eastman Seen In Different Light

NEW YORK, March 14-(AP) -Dull statistical studies of the nation's progress toward business improvement were swept aside in the principal securities markets today as they turned their attention almost solely to the drama of two startling suicides.

The stock market spent most of the day trying to gauge the effects Ivar Kreuger's unexpected death might have on listed values and business conditions. Late in the trading it was again caught unawares by another startling suicide announcement. The death of George Eastman probably caused no greater amount of liquidation, for at no time was there any concern as to his own finances, but the sentimental effect was de-

Sales on the stock exchange totaled 2,034,045 shares. Stocks declined 1 to 3 points in a majority of instances, but there numerous specialties, and especially those stocks of companies in which Kreuger and Eastman interests were large, that declined more than 3 points.

Foreign selling was reported particularly in the Kreuger issues and in others in which the 'match king" was reported to have invested. Kreuger & Toll stock, which is widely held throughout the United States, bore the brunt of this selling.

The opening transaction consisted of 150,000 shares, the largest block ever to appeal on the stock exchange ticker tape in a single unit, which was quoted at 1 7-8, off 3 1-8 from Saturday's May closing price of 5. It closed at 2 1-8. International match Preferred

was off over 5 points. Railroad shares were sold fairly heavily on continued evidences of poor traffic.

Wave of Selling Seen
As Repeal Effort
Salem Markets Is Defeated

CHICAGO, Mar. 13-(AP)-Wheat suffered a sudden maximum fall of 3 1/2 cents a bushel today, most of the loss after congress had defeated efforts toward repeal of prohibition.

A wave of stop loss selling started when the outcome of the prohibition repeal vote became known, and grain values gave way fast as the movement to relinquish ownership gathered impetus. Weakness of securities, especially during the late dealings, contributed

to the unsettlement of cereals. Wheat closed wavering at almost the day's bottom figures, 2-5-8-3-8 under Saturday's finish. corn 1 1-8-1 1-8 down, oats 3-4-7-8 off.

Even \$5 top Price to Growers; Lambs Coming in

Hogs made a substantial climb on the local market Monday, with the new price to growers an even \$5 on top grades.

A few lambs are coming in at the packing house here, but so far the price is not definite. First local spring crop to reach the Salem markets is due late this week, in the shape of spinach. This will come from the Labish gardens, and will carry a buying price of growers of around six cents.

Onions are still holding high, at 5 a hundred, even in small lots. Unwrapped apples are fast disappearing from the market here, and are being replaced by those which have been held in storage during the winter. Buying price on these wrapped apples is higher than has prevailed on the open stock, with from 70 to 75 cents prevailing on those now going on he market.

LAKE LABISH, March 14 -With an estimated half dozen cars of onions left on the Lake, the price is now \$5.50 with prospects for \$6.00 before long. About 10 sacks of onlons were reported stolen from Harry Boehm's house recently. Thus far no arrest has been made.

Planting will not begin for two or three weeks yet, depending upon for Bremerton, Wash., where he the state of the weather and the prospects of high water. Last year several hundred acres were planted and up when the high water came and stayed for about two weeks, necessitating replanting, and costing the growers considerable. Having had three minor sieges of flood this past winter, the consensus is that there is little danger of another.

ball has been invited to come to the grange hall the night of March 30 to complete playing arrangements. The schedule, will be made out at the Cadwell sporting goods store in Salem Monday. This invitation was extended by Delroy Fitzke, chairman of the North Howell baseball committee. A special standing resolutions committee was appointed to serve for the year: W. H. Stevens, V. Van Brocklin and Florence Oddie. A committee to work with the secretary on credentials of members entitled to silver star certicates was asked for and the chair appointed Helen Wiesner and Daisy Bump. While no study has yet been made of this subject, it is known that at least four members have been continuously affiliated with the North Howell grange and are therefore entitled to the silver star.

These are Fred Haslebacher, J. E. Waltman, W. J. Jefferson and Ellis Stevens. Others may be found eligible when the books are compared. Other program numbers

Doubtless, Y played the hand as follows: He won the first trick with his J of spades; then he laid down his A of clubs, dropping B's I; then led his 10. Y could not afford to put up dummy's K to win the trick, because his own 9 would then effectually block the suit, leaving Z's long club suit dead. To avoid this calamity A must have been allowed to win the second club trick with his bare Q. The return lead of A's 7 of spades, through Y's K-8, enabled B to take in four tricks. After that A-B could have won no more tricks, but their five tricks taken defeated the game contract by one trick.
