# "I agree with my Husband..."

● "He says Chesterfields are milder... and he's right! They're so mild I can smoke as many as I like without bothering to keep track. "And I find I never get tired of the taste. Probably that's because they're not really what you would call sweet... Chesterfields are just natural flavored... if you know what I mean.

"And have you ever noticed the paper?... Well, neither have I! "That's certainly a compliment... to be able to say you can't taste or smell the cigarette paper. "I think that's about as good a test for purity as anyone could possibly ask for. Chesterfields satisfy... that's one thing my husband and I agree on!"
