chals, and said he wanted to see the park before taking action. Park Engineer Sam Boardman reported the state already had invested in parks over the state about \$1,000,000. Thirty-one permits were granted for sites to the state, and the commission ordered they be presented with framed acceptance. The commission accepted the 30-acre Bradley park, including the Clatsop Crest, from Clatsop county.

Assess Survey of Highways Ordered

The first aerial survey of highways was ordered when the Inter-mountain Aerial Surveys, Inc., of Boise, Idaho, was employed to map about 200 miles of the Central Oregon highway, for about \$3000. H. H. Baldock, state highway engineer, reported this was a new plan, and that the aerial surveys would save the more costly ground survey expense. Other highways will later be surveyed, it was announced.

Drastic Elimination of Log Hauling over State Highways is Planned

By the commission, and action restricting log haulings will be taken following a conference tomorrow with state police officials. Chairman Scott said these operations, particularly in western Oregon, were damaging the highways to the extent of about \$500,000 to \$1,000,000 annually.

PROGRAM TONIGHT IS INTERNATIONAL

A Russian chorus and Spanish dance, a negro orchestra and music from Chinese instruments—all of these are features of a truly "international" program which will be given tonight at the Salem high school auditorium under the auspices of the International House of Willamette university. The program starts at 7:30. A small admission fee is charged. Some weeks ago International House sponsored a banquet the program of which drew many requests for repetition. However, instead of repeating that program, an entirely different program has been arranged.

Residing at International House are students of different races and nationalities. They, with others will present the program the numbers of which will represent characteristics of various peoples. Besides those numbers mentioned will be Japanese dances, Spanish serenades, and an orchestra directed by Alexander Meloyidoff.

Church Group of Corvallis Visits At Institutions

Fifty members of the Baptist Young People's society at Corvallis, spent today in Salem inspecting the state home for the feeble minded, girls' industrial school, penitentiary and state hospital. They were in charge of Rev. Frank Matthews and A. D. Weaver. Luncheon was served in the basement of the state capitol building. The inspection was purely educational.

Gehlhar Addresses Community Club on Standard Products

AUMSVILLE, April 7 — The regular meeting of the Community club was held at the school house Tuesday night, with a pot-luck dinner served to a large crowd at 7 o'clock. The grammar grade girls sang two lullabies, and the grade boys sang two numbers. These were followed by a talk by Max Gehlhar, state agriculturalist, on the standardization of farm products. After the program a short business meeting was held.

A crowded courtroom heard the trial which is in progress before Judge L. H. Mahan. The defendants claim Har went up the ladder without authority.

Burglary Scare Traced to Lad; Dishes Rattled

"Come quick! There's someone in my kitchen rattling the dishes," an excited woman telephoned city police last night. Awakened by the sound, she had hurriedly dressed and run outdoors to a nearby telephone.

Investigation revealed that the dish-rattler was only a boy, living at the house, who had climbed in window because the door was locked.

And those little girls who danced, weren't they great?—They were Patricia Waters, Patricia Mary Lou McKay, Gloria Meyers, in a "Billy Bumpkins" dance—also a "Dutch dance" was given by Jean Bates. M. M. C.

We sure found a new find in Lorna Barham—where she sang for us last week. Three other new entertainers that got a big hand were Jack Nodd, Charity Blodgett and "Bud" Mercer. And oh say, that Irish dance team, Doris Marston, and Luella Frame—boy-oh-boy, but didn't they go over big. They are also new to us in the way of dancing. Vivian Aspinwall, Helen Frederickson, and Elyse Stockinger, (the second "Bing" Crosby), knew their stuff too. M. M. C.

ZIMMERMAN SENDS INQUIRY ON CASES

"I am sorry to say I have been assigned to try the following cases which appear to be pending in your county," stated H. E. Zimmerman, circuit judge for Columbia and Clatsop counties who has been assigned to Salem by Chief Justice Bean of the supreme court to try a number of law cases, referring in his statement to the Archerd, Giesy, Eggriding, Ripley and Manning cases, two of which, the Ripley and Manning cases are on murder charges.

Judge Zimmerman states that he knows nothing at all about any of the cases, doesn't even know the attorneys, and would appreciate advice from the county clerk concerning these facts. He further asserts that he does not know how soon he will be at liberty to leave his own district, but is almost certain he cannot arrange it before April 25.

Other cases which in all likelihood will go over into department No. 3 of the circuit court are the case of State vs. Luper, the civil case of Mollenoc against City of Salem, and five cases in which affidavits of prejudice have been filed by Allan Carlson asking transfer from department No. 1 to department No. 2. Since Circuit Judge Hill cannot be back in his court before May or later it is quite possible that Judge Zimmerman may be called upon to dispose of these cases as well.

BLOSSOMS APPEAR AROUND SUNNYSIDE

SUNNYSIDE, April 7—Cherries are blooming but the prune blossoms need the sunny side of the cloud instead of the rain. The April showers are bringing out buds and bloom but will not be ready for blossom day for a week. The orchards in the red hills come out later at it is cooler than on the lower land but not so liable to late frost. The continued wet weather has hindered the building operations now in progress, making it almost impossible to get material on the ground when needed.

The Albany chamber of commerce will furnish an evening of entertainment at the Sunnyside club meeting on Friday night, April 8.

Spring fever is showing up in the neighborhood in spite of the cloudy days. The Sunnyside Grocery has been completely renovated, the entire interior being given a new dressing up of paper, paint and enamel put on by experts from Salem. Other improvements are contemplated for school grounds and service station camps. The power line will be extended to the new house by D. B. Taylor.
