

FIRE SALE

During the 38 years of our business career in Salem the recent fire was the first to effect us. It came as a severe blow and gave us a heavy loss. We have now gotten things straightened around so as to open for business. Our reputation for fair dealing assures you of the continuance of the same methods always employed in

the past. We have always sold at low prices and never have we exaggerated in our advertisements. The same policy will be carried out during this sale and you can rest assured that we are going to give you the greatest values in the history of this pioneer store. No person with good judgment will overlook this wonderful opportunity we now present to you.
