Auto Runs Amuck And Goes Straight For Snider Kitchen

MONMOUTH, May 12 — Lester Good, sophomore, tried to turn around in the street in front of the high school Tuesday afternoon, and in backing got stuck in a ditch. Aided by Lawrence Etzel, he attempted to push the car free, leaving it in gear and the engine running.

The machine, a light sedan, promptly began a swift trek across Mrs. Eugenia Snider's garden, missed a pear tree by a few inches, also narrowly missed an open barn door and brought up with violence against the Snider kitchen, broadside.

A window was broken, and the kitchen jarred to its foundation, as the linoleum was found to be cupped from the impact. The car was damaged considerably. It was extricated when a neighbor brought his car and pulled the battered machine from contact with the kitchen.

May 9, to Mr. and Mrs. Peter Kirk.
