### People of Gervais Happy As Dedication for New Civic Center Approaches

By MRS. I. V. McADOO  
GERVAIS, May 13—(Special)—Saturday, May 14, is the day set for dedication of the new city hall and auditorium, and from indications the crowd will be one of the largest in the history of the little city.

The new hall stands as a monument to the sacrifice of the few hundred citizens of Gervais, and the outlay for the building as it will be seen on dedication day will represent \$6000, at least half of what it would have cost five years ago. Those who have seen it and seen other auditoriums between Gervais and Portland, say it is the best and most complete in that territory. The floor space is 50x30, standard size as required by the state for athletic purposes, the study rooms for classes of the high school are two in number and are 20x21, while the stage is 19x30 feet.

The balcony will seat 260 comfortably, so the contractor said, and the accents are superb. A kitchen on the west end is modern and handy for every test it may be put to.

The program for the afternoon provides for a track meet with contestants from every school in the high school district taking part. It is probable that several schools close by will be found competing for honors also. The local high school baseball team will meet the St. Paul high school team at 2:30, just following the track meet.

In the auditorium a free entertainment will be intermittently put on from 1 to 5 p. m., while at

sky, Mrs. Will Kinlon and children, Mrs. Johnie Keller and daughters, Mrs. L. Dornhecker and daughter, Mrs. Oris Harrington, Mrs. Curtis, Mrs. M. Blodgett, Mrs. Lue Plummer, Mrs. Harris and daughter, Mrs. G. McEe, Mrs. Clyde Robbins and daughter, Mrs. Roy Black, Mrs. R. Middleton and son, Mrs. Terry, Miss Gillis and the hostess. Refreshments were served at the close of the meeting. The next meeting will be at the home of Mrs. Harris.

A bountiful dinner was served during the noon hour to probably the largest crowd ever in attendance on the closing day. In the afternoon various races were enjoyed and a baseball game between the boys and their fathers and one between the girls and the women was played.

With this picnic day the primary children will forget their school duties until next fall. The children in the upper grade room however will continue their school work for another week due to the days missed in March while their instructor, Mrs. Pauline Fowler was ill.

Miss Zoë Easterly the primary instructor will return to her home in Hood River where she will remain until summer school opens at the Oregon Normal. She expects to graduate this summer from O. N. S.

In compliment to Miss Easterly, the Mother's Circle club gave a farewell party Monday night at the home of Mrs. Will Umbanhour.

### GOODRICH PREFERS NEWSPAPER MEDIS

The B. F. Goodrich company will employ newspaper advertising to a larger extent than ever in 1932, according to Walter Zosel, who recently returned from the annual division sales conference of the rubber company. "Goodrich has for many years been a staunch believer in the value of newspaper advertising in the national merchandising of its products, and will again demonstrate this conviction during the present year when we offer a new and distinctly improved tire to the motoring public," Mr. Zosel said. "In more than 50 years of experience in the rubber industry, Goodrich has learned that newspapers offer superior media for reaching effectively the purchasing power of American communities with campaigns where 'action' is emphasized."
