MONMOUTH, June 23—A reunion of the descendants of Mr. and Mrs. P. G. Bush who settled near Lewisville, Polk county in the '70s, was held Sunday at the farm home of Frank Bush, between Monmouth and Independence.

The three brothers and three sisters who attended have all lived continuously in Oregon since settling in the west, but this is the first time in 40 years that all have met at the same time. They are: Mrs. G. S. Dodele, Albany; Mrs. L. A. Lurch, Junction City; S. E. Bush, Independence; and H. L. Bush, Hoskins, who were all born in Missouri. Miss Ida Bush, Independence, born in Kansas; and Frank Bush, Independence, the only member of the family born in Oregon.

WEATHER IS GIVING WORRY OVER BEANS

WEST STAYTON, June 23—The farmers in this community are very busy working in their bean yards. The beans are not doing as well this year as they have before due to weather conditions.

Much work is still being done on the irrigating ditches here. Local help is being hired and the work is in charge of Okie Snyder. The wedding of Leonard Snyder to Miss Josephine Downer was of much interest to their many friends here. They were married in Aumsville late Monday afternoon. They will make their home near Aumsville.

Mr. and Mrs. McMurray and small daughter Betty Zane, of Brentwood, Calif., are visiting at the home of Mrs. McMurray's mother, Mrs. Downer. Mrs. McMurray will be remembered by her friends here as Daisy Downer.

Closing of Bridge May Halt Income Of Several Groups

MEHAMA, June 23—The Parry company's mill also the Crabtree company mill are deeply interested in the county closing the bridge here as both mills haul to Lyons to ship lumber and it is out of the question to go over the rough mountainous road by Mill City or around by Stayton as either route would take them 10 miles out of the way and at the present price of lumber this would cause a shut down throwing several families out of work. The annual school meeting was held Tuesday night. Giles Wagner was re-elected as director and John Moo as school clerk in place of Mrs. Hugh Harris.

MARKSMEN IDLE AS TARGET SHATTERED

By SGT. WILLIAM C. DEPEW FT. STEVENS, June 23—Wednesday morning was a good clear day and just right for firing service. The firing batteries were supposed to fire service, but it was foggy all morning and rained all afternoon and there was no visibility to speak of all day. Tuesday morning Captain Wood, Private Burkner, Private Byrne and Private Utter left on the quartermaster's tug for Ft. Canby.

Battery E did such excellent shooting this morning that Battery C was unable to fire because the target was so badly smashed. Battery E made seven out of eight hits, three of them direct hits. On the last shot the target crumpled up.

It will take quite a while to build another target, so Battery C will probably not fire until tomorrow. Service will probably be fired from Ft. Canby this afternoon.
