AS CALIFORNIA WON VARSITY CHAMPIONSHIP

Bearing out advance information of having the greatest crew in its history, California is shown winning the 38th annual inter-collegiate regatta from seven other teams in the most powerful crews in the country at Poughkeepsie, N. Y. The Golden Bears took the lead at the start and held it all the way. Cornell, 2 1/2 lengths behind, won second place and Washington took third honors in the grueling four-mile race.

Under the Occurrences and Gossip at the center of Oregon's state government

AND another prohibition debate, this time by the democratic party, floated over the air last night, with the usual accompanying cheers and noise. This time it was not a question of resubmission of the 18th amendment, but direct repeal of the act. Listeners should be well informed now on the wet and dry question.

The democratic convention session yesterday was perhaps the most interesting yet held. There was a good program emanating from the platform early in the day, when such

comedians as Will Rogers and Amos and Andy supplied much more cheering material than any political speaker possibly could. Here's for more conventions like that.

It looks like the Empire Holding cases may not be over. James Mott yesterday referred further investigation of the affairs to Douglas, Jackson and Multnomah counties where sales of stock predominated outside of Marion county. So if there are to be more trials, will be up to the other counties.

Shades of Brigham Young, or a shady Brigham Young. The supreme court yesterday listened to an appeal of Brigham Young, this one of Marion county, and further, as is often the case when one hears the name of Brigham Young, there were women involved. But far be it from us to compare the two cases. This one was a criminal charge.

Refusing to view it as a "Believe it or Not" accident when a statehouse grounds squirrel seemingly with deliberation jumped squarely into the wheel of a passing bicycle ridden by a local newsboy, witnesses brought the event to the attention of Dr. W. H. Lytle to make a careful examination of the accident.

Dr. Lytle did examine the beastie and discovered that one of his eyes was entirely sightless. "You don't catch a squirrel getting into a jam like that without something going haywire with him," says Doc Lytle, and Doc being an expert animalian, he should know. Squirrels at the statehouse are plenty tame right now.

George W. Joseph, Jr., was a visitor at the capitol building yesterday, and stopped in the press room long enough to say "Hello." Among other visitors at the capitol yesterday was Harvey Wells, who last year had charge of hiring the help for the house of representatives. Wells will be back again next year.

Reports here yesterday indicated strongly that President W. J. Kerr of Oregon State college would be the chancellor of the two state institutions of higher learning. This would be a great tribute to a great educator after 25 years service in Oregon. But on the other hand there may be some little opposition. An official announcement from the board is expected soon.

And while the democrats are having their rounds in Chicago Oregon is having its problems over the automobile licenses. One thing has already been determined, and that is a 15-day moratorium, but the matter of quarterly payments awaits further consideration. And in the meantime the governor and Hoss have their rounds likewise.

The only apparent difference this time between the governor and secretary of state is the

FRIEND TOLD HIM ABOUT ALL-BRAN

And It Brought Relief From Constipation

Those who are bothered with constipation should read Mr. Gelpke's unsolicited letter:

"I have suffered with constipation for years. A friend of mine told me to try ALL-BRAN. I have taken ALL-BRAN for the past six weeks as a breakfast food. It has regulated my bowels as clockwork. Now I would not be without a package at all times." — Mr. Leslie Gelpke, 273 Ridgewood Ave., Newark, N. J.

Common constipation—with its headaches, loss of appetite, sleeplessness—is due to lack of "bulk" to exercise the intestines. Vitamin B to help tone the intestinal tract. Both are present in Kellogg's ALL-BRAN, as well as iron for the blood.

The "bulk" in ALL-BRAN is much like that in lettuce. Within the body, it forms a soft mass, which gently clears the intestines of wastes. Being a natural corrective, ALL-BRAN is not habit-forming.

Try ALL-BRAN in place of pills and drugs—so often harmful. Just eat two tablespoonfuls daily—serious cases with every meal. If your intestinal trouble is not relieved this way, see your doctor.

In the red-and-green package. At all grocers. Made by Kellogg in Battle Creek.

DAIRY DISPLAY AT CONVENTION PLAN

Oregon Products Exhibit to Be Arranged for Legion Meet at Portland

Plans for advertising and supplying high grade Oregon dairy products at the National American Legion convention in Portland this fall were furthered at a meeting at the chamber of commerce yesterday afternoon, presided over by S. D. White of McMinnville, chairman of the Legion committee for the agricultural development at the convention and Yamhill county agent.

The group yesterday, composed of members of the Oregon Jersey Cattle club, planned for a meeting at the Imperial hotel in Portland July 6, when heads of each of main dairy companies and others will be present to help shape further plans. These will include: Tillamook cheese factory, Mellowest Cheese factory, Oregon Dairy council, Dairy Cooperative association, extension service at Corvallis, state department of agriculture and interstate creameries.

Present at the session here were besides White, H. L. Griddle of Aurora, president of the Oregon Jersey Cattle club; W. S. Bartlett of Independence, secretary of the state Jersey club; W. A. Forrest of McMinnville, president of the Yamhill Jersey club; Victor Madsen of Silverton, presi-

DELEGATE

This time Mrs. Nell Q. Donnelly, of Kansas City, Mo., is in the spotlight under different circumstances than when she was last in the news. The heroine of the celebrated kidnapping case in Chicago as delegate at large from Missouri to the Democratic National Convention. It will be recalled Mrs. Donnelly was held for ransom but released when her abductors got "cold feet."

Mr. White's committee will carry through Oregon prune, nuts,

Fruit Situation At Eugene Told By Plant Chief

J. O. Holt, manager of the Eugene Fruit Growers association, was a visitor in Salem Wednesday. The Eugene plant is operating now on cherries and strawberries.

"Our cherry crop is not as large as you have in the Salem district," said Holt. "We will barrel most of our pack of cherries. Our last year's pack is pretty well sold."

The Eugene plant is a cooperative, the only plant of size in Eugene, and handles products from a wide area. In fact some growers here who fail to market their crops have tried to get Eugene to handle them.

dairy products, poultry, sheep, and cattle projects. In connection with the dairy one, every hotel and restaurant in Portland will be solicited to cooperate in using only highest grade butter and milk and plenty of same.
