### **STRONGER DEMAND** FOR EGGS APPEARS

Make of Butter Decreases Generally; Hens of all Weights Higher

PORTLAND July 6 .- (AP)-Strengthening of the egg trade is indicated generally with continual decrease in offerings. This applies to not only the local territory. but to the coast generally. In fact decrease in supply is reported from practically every section of the country.

Local prices appear steady to higher for the day with lessening competition from unattached producers although some outside interests are still reported selling to big stores at a substantial discount from etablished prices here. Make of butter is showing a general heavy decrease in the

Portland territory which creates more or less of a seady tone in the trade of the Pacific coast, Butterfat is unchanged. Advance of 1c lb. in the buying prices of hens of all weights is

reported by the trade here, following a decrease in the supply. No change has as yet been made in the price of broilers. There remains a very good damand in the market for country killed hogs along the wholeale way with recent advances sustain-

ed Veal are a trifle weaker and

lower in spots but lambs are definitely weaker and especially so for the ordinary to poor stuff. Sudden increase in the demand for strings beans is noted in the trade with the chief call for yellow stock, which is generally unfilled. Both green and wax prices

are held steadier. Walla Walla onions of the new crop are being offered by the trade; the first supply having reached Portland late Tuesday. Sales are being made around \$1.25 cental. California prices here are "shot."

The Cleary-Hillman Packing company has completed its pack lines and departments. of strawberries, is working on a small pack of loganberries, and will then close until the work on evergreen blackberries is ready. The West Salem cannery is only putting up logans this year that they have orders for, so the pack. which is a little light, is already sold. They expect the entire season's run to equal that of last year in all fruits, and are quite gratified at the unusually fine quality canned and put up this year. They will not can cherries this year. The newly installed grader and other machinery has worked well and has facilitated

Jail Use Discussed It the meeting of the city coun cil held Tuesday night, all members were present for quite a lot of routine business. Chairman of the police committee reported the use of the city jail in Salem to be unsatisfactory, also that the water hydrant on Seventh and McNary avenues had been placed and he was instructed to have his committee confer with the police committee in Salem in regard to the

the work of this year's pack.

use of jails. Two bids on oiling of the city streets were read and discussed, the one from the Capital City Transfer company for \$1.65 per barrel, and the other from the Larmer Transfer company for \$1.50 per barrel. It was decided to purchase the oil and the Larmar bid was accepted, and the work is to proceed at once.

Drainage of the ditch on Senate street was reported by William L. La Due, of the Water company, to be estimated at \$140.00, and he also reported that the car used by men in the water office, to be badly in need of attention. This matter was referred to the proper au-

Election Fall Heard An unsanitary condition on Rosemont and Sixth streets, was referred to the sanitary committee. A letter was read from the Howard-Cooper corporation relative to the street grader, and a motion carried to issue a warrant covering amount due the corporation for work done by them. There
