## SCOTTS MILLS BANK OFFICIAL INDICTED

**False Entry Charge; Three Other True Bills are Found by Jurors**

Indictment of J. O. Dixon, cashier of the Scotts Mills bank which was closed this spring by the state banking department, for false entries in the bank records, was among the four true bills and three not true bills returned by the grand jury yesterday as result of deliberation late last week.

Two indictments were returned against Dixon, one of which is on the false entry in account of Lawrence Bowman, on which criminal information filed by the district attorney Dixon voluntarily appeared in justice court here May 2. In the Bowman account, he is alleged to have shown \$1,000 withdrawal when no withdrawal was actually made.

The other true bills returned by the jury were: Alma Alsmann, charged with receiving stolen property; Thera Miller and Maxton Alsmann, charged with burglary of Bishop's and the Little French shop stores; Milton E. Taylor, carrying concealed weapon.

Not true bills were found in these cases: James Anderson and H. A. Thieszen, giving bail without sufficient funds; Jack Hughes, larceny by bailer; and Charles A. Eearly, non-support.

Turner was arrested in McMinnville Tuesday morning.

## BROADCASTERS DELVE IN POLITICS

ROBERT P. SHULER, DR. JOHN R. BRINKLEY & HENRY FIELD (CLOCKWISE)

Put off the air by the Federal Radio Commission last year because of the nature of their broadcasts, two well-known orators of the ether have recently moved the sphere of their activities to the political field. They are Dr. John R. Brinkley, the license of whose station, KFKB, at Milford, Kansas, was revoked by the commission, and Rev. P. Shuler, former whirlwind radio orator of Los Angeles. Dr. Brinkley's Federal permit was cancelled following similar action being taken with regard to his medical license by the Kansas Medical Board because of unethical behavior over the air. The doctor, determined to seek vindication, ran for Governor of Kansas, but was beaten. Dr. Shuler, who is pastor of the Trinity Methodist Church South, Los Angeles, provoked nation wide disturbances by his cyclonic activities over the air. Citizens, politicians and the courts of California all felt the lash of his tongue until the license of his church station, KGEF, was revoked by the Federal Radio Commission. Shuler has now filed in California for both the Democratic and Republican nominations for Senator, seeking the seat now occupied by Senator Sam Shortridge, Republican. It is probable that these stumpers of the air waves have taken the cue of Henry Field who recently defeated Senator Smith Brookhart in the Iowa primaries. Field, too, is a broadcaster who conducted his campaign from his own radio station. But Mr. Field's accomplishments are not limited to spelling into a microphone. Very likely, the result would have been the same had he never seen a broadcast studio.

## State Meeting Of Temperance Union is Topic

Preliminary plans for the state convention of the Women's Christian Temperance Union, which meets in Salem October 11 to 14, were talked at a committee meeting at the chamber of commerce rooms yesterday afternoon. About 300 delegates attended the state meeting last year.

## Krebs will Face New Charges of Drunken Driving

Frances Krebs of Woodburn, already involved with the law over operation of a still here, was arraigned in Woodburn justice court yesterday on a charge of driving while intoxicated, and entered a plea of not guilty. Bail was set at \$100.

Salem police arrested Krebs Tuesday night on a warrant taken out by state police. Krebs was found operating an enormous still in the basement of a South Commercial street residence last April. He appealed his case from justice court where he was fined \$500 and sentenced to six months in the county jail.

## STATE SALARY CUT ISSUE NOT DECIDED

No action was taken by the state board of control Wednesday in connection with the recent recommendation of an investigating committee that the salaries and wages of state officials and employees be reduced from 15 per cent to three per cent.

The 15 per cent reduction would affect officials receiving in excess of \$6000 a year, while the three per cent reduction would affect those employees receiving between \$100 and \$125 a month. Wages under \$100 a month were not affected by the recommendation.

Members of the board of control discussed the recommendations Wednesday, but action was deferred. Rufus C. Holman, state treasurer, was said to have objected to certain parts of the recommendation and asked for further time in which to consider the committee's report.
