NEW YORK, July 8.—(AP)— Except for inevitable buoyancy in Reich bonds, today's security markets made a negative response to news that France and Germany

had settled their reparations ar gument. A few losses ranged from 2 to 6 points; in the main net charges

were fractional. Sales totaled 720,-288 shares. Utilities had to take more or less selling all day. American Telephone, whose second quarter results will be forthcoming in another week or two, swerved well into the early 70s and was down 2 net. Peoples Gas lost 4 and Detroit Edison 6. There were fractional losses for North American and Public Service of New Jersey,

among others. Industrials were sluggish but reasonably steady. U. S. Steel, with an unfilled tonnage statement due at noon tomorrow, was off slightly at the close. So were Allied Chemical, duPont, International Business Machines, International Shoe, Westinghouse, Wrigley and Borden, National Biscuit, American Can, General Electric, Standard Oil of New Jersey and American Tobacco "B" were steady. General Motors, whose June sales were well under those of May, traded quietly. In rails, Union Pacific went to a new lew,

Artificial Advance in Egg Prices Sought Portland Grain By 2 Groups

PORTLAND, July 8—(AP)— There are two schools of interests trying to artificially advance the price of eggs in face of a trade that appears unwilling to make

such a movement. The real market for eggs is not showing the strength previously indicated, instead of the advance that is being tried by manipulative interests. There is no change in the selling price of eggs and there is no shortage of supplies

General trading trend of the outter market is not better than steady. In fact in spots the situation appears a trifle dull even though the make continues to drop and some forecasts have been for a fractional advance in

There is a rather good demand in the market for live chickens. The entire line is showing a strong tone at the late price advance offered by killers. Turkeys are arriving and generally selling 6c for best dressed hens.

string beans. Both yellow and green stock are very scarce with prices higher for the day. Very keen demand is showing for loganberries along the wholesale way with wholesale prices up to 75c crate generally for the day. Raspberries and blackcaps are just about holding. Strawberries
