In Hazel Green Area; Missionary Society Meets With Mrs. Davis

DALLAS, July 15.—Polk county's oiling program is progressing nicely although it may be delayed somewhat by the rainy weather. Approximately six miles has been oiled on the Wallace Bridge road extending from the city limits of Dallas to near the Salt Creek school house. The second project underway will be from the city limits to Ferns corner on the Dallas-Lewisville road.

Two other projects on the list for 1932 are the Brunks corner-Independence road and a stretch on the Wallace road north of West Salem.

A heavier oil is being used this year which is being placed on while hot and then covered with fine crushed rock. This is rolled in and then a coat of fine screening is spread on top of this and rolled in. The county road oiling equipment is being used for this work.

A program of entertainment by the Charles English family of bell ringers will be presented at the Dallas Presbyterian church Wednesday night, July 20. They perform on bells and glasses in a very efficient manner. As an added attraction, Mr. English will show a series of slides showing actual pictures from the Passion Play of Oberammergau. The pictures and musical numbers will be combined to form the program.

FIRST OILING PLAN GETS SECOND VOTE

WEST SALEM, July 15.—At the called meeting of the West Salem city council, held in the city hall Wednesday night, considerable discussion was held concerning the street improvements that are to be made at once, and the pros and cons of "black top" and street oiling were heard and considered. It was finally decided by the councilmen to have the oiling done as was decided at the last regular council meeting.

At that meeting the bid submitted by the Larmer Transfer Co., for \$1.50 per barrel, for spreading the city to purchase the oil, was accepted, and it is now presumed that the work will proceed in the near future. Mayor and Mrs. Guy C. Newgent were hosts at a tastefully appointed dinner on Wednesday night, complimenting Mrs. Newgent's relatives here from away. Covers were laid for Mrs. A. N. David from Miami, Florida, who motored out from Florida to San Francisco with friends and came on to Oregon for a visit with relatives here, for Mrs. C. T. McIntyre of Salem, Robert and Norma Jean Newgent and the hosts, Mr. and Mrs. G. C. Newgent.

The pulpit of the Ford Memorial church will be filled Sunday morning by Stearns Cushing, a student pastor from the Leslie M. E. church in Salem, a young Willamette university graduate, who will preach again in the evening. The regular services will continue during the absence of the regular pastor, Rev. C. L. Dark, who is vacationing in the middle western states.

Knapps Return From Vacation Trip to Canada

Mr. and Mrs. J. Gardner Knapp have returned from a vacation trip which took them to Vancouver, B. C., where they attended the sessions of the Pacific Advertising clubs association. Returning they crossed to Vancouver Island, and from Victoria to Port Angeles, thence to Seattle and Mt. Rainier. They returned by way of Longview and Seaside.

"The convention was an inspiring event," said Knapp. "Vancouver seems to have escaped some of the bad bumps of the depression and the meeting was full of business pep. The Canadian National railways is at present building a large hotel in the city, and the business outlook is reported good because of the prospect for big wheat crops. The wheat of the western provinces passes through Vancouver for export."

It's the Cigarette that's Milder and Tastes Better!

That's why more and more Smokers are changing to Chesterfield every day

WHEN you are smoking a lot of cigarettes every day, you naturally want a mild cigarette, and smokers try Chesterfields and find out that they are milder and taste better.

Then smokers tell other smokers—"one smoker telling another"—that they find that although they smoke a great many Chesterfields during the day, they never tire of them; and that they have found out that Chesterfield is a milder cigarette, that it is a cigarette that tastes

better, that it is a cigarette with a most pleasing aroma.

Some time ago, in a Chesterfield advertisement, there was a statement, "A \$90,000,000 Reason," and this means that the larger part of \$90,000,000 is invested in the right kind of ripe, mild Domestic and Turkish tobaccos to make sure that Chesterfields are milder and taste better.

May we ask you to try them?
