By CLIFF STERRETT

Arrivals From Outside Extended Rise in Prices is Of Portland Gain: Fat is Higher

PORTLAND, July 22-(AP)-There has recently been quite a fair increase in the volume of butter arrivals from outside points. The late price betterment here appears to have checked the direct movement from the country toward California. On the other hand a rather sharp decrease is noted again in the local churning, the result of protracted dry weather.

Butterfat situation is firm with reports indicating a premium of le lb. in spots. General trading in the egg market appears firm with prices well maintained. Both local co-ops and private firms are maintaining their values. Country

buying prices are unchanged. Sales of hens are showing a good volume at the recently lowered price here. Broilers are in good call with prices maintained. Demand for turkeys is steady with a fair movement of broilers. Receding prices are reported for country killed hogs. Extreme top of the market is generally 7c with only an occasional sale

at 7%c lb. Demand for country killed lambs remains strong and active Fe, Union Pacific, Chesapeake & along the wholesale way with prices around 8-8 1/2 generally for top stuff. Ewes are perhaps a shade better at 3-4c with yearlings snug at 5c.

PRODUCE EXCHANGE PORTLAND, Ore.. July 22-(AP) ples Gas and Auburn. Steel Comroduce exchange, net prices: butter, exmon, Am rican Can, General Eltres 19; standards 18; prime firsts 18; firsts 17. Eggs fresh extras 17-18; fresh

Result; Rail Merger Approval Liked

By JOHN L. COOLEY NEW YORK, July 22-(AP) Security and commodity markets profited by the new urge te speculate for the advance today, the result being a rather general rise in prices.

Railroad stocks and bonds quite naturally assumed leadership in the stock exchange, for Wall street was attracted by approval of the eastern trunk line merger plan by the Interstate commerce commission even if actual consummation may be some distance away. Oils also made a bid for favor.

Shares closed somewhat under the best, with net gains of a point or so fairly plentiful. It was the most active session since early June when the market responded to announcement of the security-buying corporation sponsored by leading banks, and the net advance, averaging about a point, pushed prices virtually back to the top of that rally. Sales totaled 1,444,905 shares. Rail stocks were hardly buoy-

ant, although many carrier bonds earned that description. Santa Ohio, Baltimore & Ohio and Delaware & Hudson stocks forged ahead a point or two before meeting much opposition; some Preferred equities in the transportation division did considerably better. On the strength of this showing short covering appeared else-

where, givin; maximum boosts of

2 to 3 points to American Tele-

phone, U. S. Steel Preferred, Pee-

ectric, Union Carbide, Du Pont,

Atlantic Refining, Standard Oils

of New Jersey and California, Woolworth, Consolidated Gas and North American were up from a fraction to a point net. Reports compiled by the weekly mercantile reviews were more encouraging than otherwise.

OTTAWA, July 3:-(AP)-Canada struck deep into the heart of the problem of the imperial economic conference at its opening session today by proposing to lower her own tariff walls for British empire froducts, if the empire would do the same for her exports.

But through her premier, R. B. Bennett, she warned there should be no preferences that would isolate the British empire from the rest of the world. The qualification was particularly significant since 70 percent

of British empire trade in the

past has gone to foreign coun-

tries. American interests were vitally involved because the United States in 1929 got a major share of the commerce of the British dominions. The Canadian premier's proposal followed an impressive opening ceremony which began with carillon bells and booming guns announcing the arrival of Lord

Bessborough, governor-general of Canada. This was the signal that

set the conference in motion.

Cherries Being Pitted to Ship To East Coast

Starting today the Willamette Cherry Grewers association will start a crew of 30 women at pitting cherries to get out an order for the fruit for delivery on the Atlantic seaboard, Experienced women will be used and the crew has already been selected, stated R. J. Shinn, manager, yesterday. The association sold part of its Royal Annes to canners and put the other in brine for future selling. This order is a substantial one and will make quite an inroad on the quantity held in storage by the association.
