## SECOND SON OF LINDBERGH IS 'DOING NICELY'

### Noted Airman Issues Plea That Undue Publicity Not be Accorded

### Expect Name to be Dwight, Honoring Grandfather On Mother's Side

ENGLEWOOD, N. J., Aug. 16 (AP)—The Lindberghs have another baby boy. A second son was born to Col. and Mrs. Charles A. Lindbergh at 6:30 a. m. today, five and one-half months after their first child was kidnaped and slain.

Despite the ordeal she sustained with fortitude the whole world admired, Anne Morrow Lindbergh was understood to be "doing nicely" and unassuming reports said the same about the baby.

Always insistent on the right of himself and his family to privacy in their personal affairs, Colonel Lindbergh did not make public any details of his son's weight or appearance, however, Colonel Lindbergh sent out a statement expressing the hope there would not be continued publicity on the birth of his son.

"Mrs. Lindbergh and I have made our home in New Jersey," he said. "It is naturally our wish to continue to live there with our friends and interests. Obviously, however, it is impossible for us to subject the life of our second son to the publicity which we feel was in a large measure responsible for the death of our first."

"We feel that our children have a right to grow up normally with other children. Continued publicity will make this impossible. I am appealing to the press to permit our children to lead the lives of normal Americans."

(The Associated Press cooperating with Col. Lindbergh in the kidnaping case and received from him a message of appreciation. Before the birth of his second child today the Associated Press also assured Col. Lindbergh it was its desire to report the event in a manner befitting the occasion and that future stories in the past would be on legitimate news developments. Announcement of the birth of the second child was telephoned to the Associated Press today with Col. Lindbergh's approval.)

Though no announcement has been made about the new baby's name, friends were expected to expect it would be Dwight Morrow Lindbergh, in honor of his famous grandfather. Mrs. Lindbergh's only brother also is named Dwight. Colonel Lindbergh was an only child, and his late father's name, like his own, was Charles A.

## MOVIE ACTRESS IS DRAWN INTO WALKER AFFAIR

### Betty Compton Mentioned; Governor Grills Mayor Concerning Sherwood

### Mayor was Unconcerned at Disappearance Although Papers Full of it

EXECUTIVE CHAMBER, Albany, N. Y., Aug. 16—(AP)—Leaning forward across his executive desk, Governor Roosevelt turned today the full force of his examination of Mayor Walker on outer charges toward an explanation of why the mayor failed to get in touch with Russel T. Sherwood, the missing accountant, who reportedly handled financial transactions of nearly a million.

On the stand for the fourth day, Walker steadfastly asserted he didn't know Sherwood's whereabouts, that he had made every effort to get in touch with him and that his relations with Sherwood were only routine business affairs.

Outside the "Hall of Governors" where the hearing was in progress Walker was asked if the "unknown person" whose receipt of \$41,000 from Sherwood has been mentioned, was Betty Compton, the actress.

"Who do you suppose it was?" was Walker's reply. Says Authority Was Not Given Sherwood. On the witness stand Walker disclaimed authorizing Sherwood to issue a letter of credit, or to transfer stock in the Brooklyn Manhattan Transit company to the "unknown person." He said the "unknown person" was a woman and a friend of his.

Shooting questions rapidly at the mayor, Roosevelt pressed him (Turn to page 2, Col. 1)

MISSOULA, Mont., Aug. 16—(AP)—Lightning storms swept over western Montana tonight, starting new forest fires and arousing fears on the part of protective agencies that further outbreaks will appear from "hangovers" in the next few days.

Ten miles northeast of Kootskia, Idaho, private agencies and the United States forest service were battling a fire that threatened timber stands in the Clearwater national forest. The blaze was burning along an eight-mile front and a big crew sided by plows was fighting to stop its advance.

## ROLPH WOULD PAY VETERANS' BONUS

### California Governor Tells Of Plan; Wouldn't Cost Anything, he Avers

OAKLAND, Cal., Aug. 16—(AP)—Governor James Rolph, Jr., proposed today that the state of California be bonded to create a fund to pay California veterans their bonus on adjusted service compensation certificates.

The governor paid a surprise visit to the state convention of the American Legion here today and suggested that California "assume the obligation of the federal government and pay to war veterans their bonus."

While the delegates greeted the proposal with wild acclaim, the governor said: "Since congress has done nothing for the payment of the bonus debt, we might work out a plan by which the state could pay what is due the California veterans. We could bond California to take an assignment from the federal government and the state would be later reimbursed from the federal government's bonus funds."

After his address before the convention the governor amplified his statement by saying: "I have made a proposal to the boys and now it is up to them. If they approve the proposal we are behind them. We'll let the people vote on the bond issue. No one could lose any money by it and it wouldn't cost us a cent. California would be reimbursed when the federal government finally paid up the bonus to the veterans."

## Sioux City Area Reads Guarded, Peaceful Arguments Used

### Holiday to Continue, Leaders in Move Are Optimistic

DES MOINES, Ia., Aug. 16—(AP)—Markets at Sioux City and a few smaller northwest Iowa towns alone suffered declining receipts today because of farmers' attempts to withhold sale of their products pending higher prices.

From a score of the larger centers in the state came reports that the strike called by members of the National Farmers Holiday association for 30 days was without apparent effect.

In the Sioux City area, however, hundreds of farmers picketed highways under surveillance of 40 special deputy sheriffs and police. So effective was the strikers' campaign that only about a dozen trucks reached the markets. Normally 600 trucks daily enter that city with farm products. Unarmed Deputies Escort Trucks

Unarmed deputies escorted the few trucks through farmers' lines and Sheriff John A. Deavenport declared he intended to keep the six main highways into Sioux City open by swearing in additional deputies if necessary.

The Farmers' Holiday association instituted the movement in Iowa August 5, its purpose to withhold all possible farm produce from sale until farmers were assured cost of production plus what association officials figured a fair profit.

Similar strikes were started by holiday associations in North Dakota and Illinois and other middle western states were reported by representatives at a meeting here yesterday as preparing to join the movement.

Hog Receipts Not Affected by Move  
Prices for hogs dropped 5 to 20 cents today at the five leading markets in the state. Hog receipts jumped to 10,300, compared to 8,500 a week ago at nearly a score of interior markets and packing plants.

Holiday association officials continued optimistic of success for their plan and said requests for speakers and messages of support were received from farmers' groups in Colorado, Montana, Indiana, Kansas and Oklahoma.
