### Firemen Put Up Sign For Short Route

DALLAS, Aug. 20—A sign in the shape of a huge arrow has been erected by the members of the Dallas fire department at Orr's Corner on the West Side Pacific highway. The sign calls attention to the fact that the shortest route to the coast beaches lies through Dallas. These slogans were secured at a contest held last spring among high school students. The first prize slogan was that of Mabel Warrell and the other, referring to the Oregon beaches, was by Edward Jansen.

The Orr's Corner cut-off is a convenient way to the Tillamook and North Lincoln beaches and is also the shortest route. It is four miles from Orr's Corner to Dallas and about 22 miles from Dallas to Valley Junction by way of the Wallace Bridge road. The roads fork at Valley Junction and the tourist can either take the Salmon

men secured permission to erect the sign at this spot from R. W. Hogg, owner of the property.

Two slogans appear on the sign calling attention to the fact that Dallas is a city of "good homes, good schools, and a friendly people" and that Dallas is the "gateway to Oregon beaches." These slogans were secured at a contest held last spring among high school students. The first prize slogan was that of Mabel Warrell and the other, referring to the Oregon beaches, was by Edward Jansen.

After the business meeting \$50 was in play. Mrs. Rosa Coleman had high score. Mrs. Claude Smith second and Mrs. John Davidson, consolation.

# Mere Small Change We Call It

We glean from a magazine published in New York a few figures that may shed a little light upon the subject of what's wrong with the smaller communities. Did we say a few figures? Well what they lack in number is made up by the size of em. Here's the figures:

Safeway Stores Inc. and subsidiaries net profits for six months ending June the 30th after Federal taxes Expenses and other charges was

## Two Million Seven Hundred Forty Two Thousand Three Hundred Eighty Two Dollars

# \$2,742,382.00

"Whew"—Of course we don't know what subsidiaries means — Must be a lotta profit in it because according to all the statements made in their ads — they're in business for the benefit of poor folks—Now it would seem to a bystander that those Wall Street Boys have worked for little or nothing long enough. Of course we bein' in the position we are we really haven't time to worry about them. And get ting on with our own knitting we quote a few prices good for Monday or Tuesday, yes, or any other day for that matter.
