

PUBLIC SPARED BIT OF GOSSIP ABOUT WALKER

Witness' Memory Fails at Critical Moment and Story Unrevealed

"Unknown Person" Bobs up Again; Seabury Aide is Placed Under Fire

EXECUTIVE CHAMBER, Albany, N. Y., Aug. 25.—(AP)—A witness flagging memory averted to the public exposition tonight of a discussion of Mayor Walker's private life which took place at a closed hearing of the Hofstadter legislative committee.

Jacob Gould Schurman, Jr., former aid to Samuel Seabury, was asked by John J. Curtin, Walker's counsel, at a night session of the Walker ouster hearing.

"What was it that prompted the remark of Mr. Block (Paul Block, the publisher) 'Are you investigating Mr. Walker's public life or private life?'"

Schurman said he didn't "remember very well," and added "In justice to Mayor Walker I would rather not say."

"Don't spare me," Walker, sitting at his counsel table, called.

When Curtin pressed the question, Schurman said "I don't remember."

Says Block Revealed Jimmy's Private Life

Schurman, replying to Seabury's questions, said Block voluntarily gave information about the mayor's private affairs. The witness explained this was given while the official stenographer was out of the room.

Seabury had called Schurman to answer Mr. Block's testimony that he had seen a missing check for \$2500 which was made out to the "unknown person" in the case and which had been drawn on the Block-Walker stock market account. A facsimile of the check was printed in a New York newspaper.

Schurman said the Seabury staff never had the check, only the stub. After Curtin had asked Schurman if he knew "a man named Haberman" who had worked for the Salling W. Baruch brokerage house, was related to a member of the Seabury group, Seabury asked:

"Now may I ask if Mr. Curtin means to insinuate that an employee of Baruch and Company, who stole a check from them is related to a member of my staff?"

"I'll answer that at the proper time," Curtin replied.

Seabury then called Philip L. Haberman, one of his assistants, who said he had no relatives at any time employed by the Baruch company.

EDITH M'CORMICK IS CANCER VICTIM

CHICAGO, Aug. 25.—(AP)—Mrs. Edith Rockefeller McCormick, younger daughter of John D. Rockefeller, Sr., died late today of cancer.

The Chicago society leader, who once was recognized as the richest woman in the world, died peacefully after she had been in a coma for more than 13 hours. She would have been 60 years old August 31.

Death occurred in an apartment in the Drake hotel, overlooking the Lake Shore drive mansion, the gift of her father, which she deserted a few weeks ago when apparently, she realized the seriousness of her illness.

With her when she died were her divorced husband, Harold F. McCormick; their daughter, Mrs. Mathilde McCormick Oser; and Mrs. Muriel McCormick Hubbard; their son, Fowler; Mrs. Hubbard's husband, Major Elisha D. Hubbard of Connecticut; Fowler's wife, a little more than a year, the former "Fifi" Stillman; and Edwin Krenn, the Swiss architect who long had been her social escort and business advisor.

Daylight Robber Pilfers Jewelry From Apartment

Boldly selecting daylight for his activities, a youthful burglar entered an apartment at 935 Mill street, residence of Lillian Beecher and Lois Barker, at 12:35 o'clock yesterday afternoon and stole a pearl and diamond ring and an alarm clock. The young women were away at the time.

Although W. K. and J. H. Lowe, 941 Mill street, saw the young climbing out of the apartment window, they did not report the burglary to the police until after 5 o'clock. Officers at once scoured the city, investigating all hobo camps, but failed to find the youth, of whom the Lowe brothers gave a detailed description. One youth taken into custody this afternoon released when the Lowe decided he was not the one they had seen.

Prize Girl From Golden West Has No Thespian Ambitions

EMERYN McHALE "FINEST OUTDOOR GIRL"

JUST 17 and in New York for the first time, slim, blonde Emerlyn McHale, hard riding cowgirl from the wide open spaces, may be considered unique among her sex. Try to imagine a beautiful girl who has no ambitions to shine on the stage or screen; who doesn't drink or smoke; who hasn't a boy friend and who never uses cosmetics. Well, hardly ever, for she occasionally glides the lily with a yee hoo touch of lipstick. Emerlyn is in the big city as a result of her having won the title "Finest Outdoor Girl in California" at the recent rodeo at Salinas, Cal. Her trip east was the prize. She has been riding those wild western bronchos since she was six years old, and the more frisky they come, the better she likes them. She is a student at Placerville, Cal., high school, where she is specializing in the subjects that are necessary equipment of a good private secretary. Yes, that's her ambition, although she will feel a desk chair somewhat strange after being accustomed to sit in the saddle of the mass of lively dynamite laughingly called a cow pony.

MEIER INTENDS TO BACK EINZIG, WORD 2-1 Board of Control Division Revised

Beyond indirect declaration by Governor Meier that he would rig the board of control, the discharge of William Einzig, state purchasing agent, and might, on the other hand, release damaging material against Rufus C. Holman, state treasurer, no developments arose yesterday here in the Holman-Einzig squabble at the statehouse. Governor Meier was not at his office but kept in touch with the situation here by telephone.

Holman had previously announced that he would carry the Einzig matter to the state board of control and there demand the purchasing agent's dismissal. Whether he will risk open warfare with the governor and the possibility of reprisals is uncertain.

Hal E. Hoss, secretary of state, has issued no statement on the affair to date. He is expected to pursue a neutral policy, declaring that he did not vote to give Einzig the job and will not now vote to oust him. If he sides with Holman he will further antagonize Meier who already is said to be favorable to the defeat of Hoss at the November elections. If he remains neutral in the Einzig scrap or sides with Meier, he may lose the job and will not now vote to oust him. If he sides with Holman he will further antagonize Meier who already is said to be favorable to the defeat of Hoss at the November elections. If he remains neutral in the Einzig scrap or sides with Meier, he may lose the job and will not now vote to oust him.

Holman spent the day in Portland. Einzig continued with his work at the capitol. No board of control meeting will be held until next week.

DOUG CRAVES TIGERS SAN FRANCISCO, Aug. 25—(AP)—Douglas Fairbanks, movie star, sailed from here today on the Nichibu Maru to hunt long-haired Manchurian tigers in the Gobi desert.

Wool Sales Confirmed South Methodists Meet "Dead" Bandit Turns up Diver's Neck Fractured

alias Fred Russell, who was arrested on a non-support warrant from Roseburg, Ore., was identified as a man reported to be a bank robber and thought to have been shot dead in Bozeman, Mont., last July.

Bardwell, the sheriff's office reported, admitted having been previously to the job, but said he had taken no part.

SLIPS FROM DOCK
ASTORIA, Ore., Aug. 25—(AP)—Frank Dillon, 19, of Astoria, suffered a fractured neck today when he fell from a dock at the Tongue Point naval base.

Dillon had been swimming with a party of friends. He is believed to have slipped on the dock while he was attempting to dive.

SLEEP POWDER FATAL
PORTLAND, Ore., Aug. 25—(AP)—The coroner's office said tonight that Edson Downing, 55, of Portland died today from an accidental overdose of sleeping powder. Downing had been ill for some time.

IS ROSEBURG MAN KLAMATH FALLS, Ore., Aug. 25—(AP)—The sheriff's office said tonight that Curtis Bardwell,

TAX EXEMPTION UPON HOMES IS PLEA FOR LABOR

Compensate Loss by Higher Levy on Large Incomes, Resolution Urges

Federation to Back Dairy Industry but Silent Upon Oleo Bill

ASTORIA, Ore., Aug. 25—(AP)—A resolution favoring exemption of taxation on homes and farms occupied by their owners and assessed at \$1500 or less was unanimously adopted today by delegates to the annual convention here of the Oregon State Federation of labor.

The resolution suggested that any loss through such exemption be compensated by increased tax on private and corporate incomes exceeding \$10,000 a year and on bequests or inheritances of more than \$10,000.

The delegates also adopted a resolution pledging the federation to sustain the dairy industry in every possible way. The resolution, which infers the federation's moral support to the oleomargarine bill to be voted on in November, was adopted only after a prolonged discussion, including a debate between George Fullenwider of Carlton, president of the Oregon State Dairyman's association, and C. E. Eldridge, representative of the oleomargarine interests.

The convention decided to elect officers by referendum among its membership. Officers will only be nominated at the convention. The term of officers expires on Oct. 31 instead of Dec. 31. Installation of officers on Oct. 25 will be made, instead of on Jan. 8, and Oct. 19 is fixed as the date for the election of ballots in the hands of the executive secretary-treasurer.

Closer cooperation between labor and the farmer was urged by Ray Gill, master of the Oregon grange, in his address before the convention today. He said that some of the things the grange would take up are support of the 18th amendment, creation of a state bank and a change in the system of taxation.

DAVIS REMOVAL AS CANDIDATE SOUGHT

Governor Pinchot Objects To Party Support for Indicted Senator

HARRISBURG, Pa., Aug. 25.—(AP)—A demand that James J. Davis, Pennsylvania's junior member of the United States senate, be asked to resign as a candidate for reelection, was made to the republican state committee tonight by Governor Gifford Pinchot.

The governor's move took the form of a letter to Republican State Chairman General Edward Martin and was based, the governor said, upon Davis' federal indictment last week for participation in an alleged national lottery.

He asserted that "Ever since he first became a candidate for the senate and even before that time, James J. Davis, junior senator from Pennsylvania, has been under suspicion."

"It is not enough to say that Davis has not yet been proved guilty," he continued. "At the present moment he is a candidate of the republican party of Pennsylvania for the United States senate. The republican party cannot afford to run a candidate who is under suspicion. If Davis should be convicted, he would be expelled from the party and would be equivalent to handing the Pennsylvania senatorship over to the democrats."

"I call upon the republican state committee," the governor continued, "to present a motion and put on it the name of a republican against whom even the shadow of suspicion cannot rest. Let us at long last have a complete Pennsylvania delegation in the United States senate for which we do not have to apologize to other states."

JOB OUTLOOK HERE BRIGHTENING AGAIN

With more calls placed for prune and bean pickers, twice as many persons were given jobs through the U. S. Y. M. C. Employment bureau yesterday as on Wednesday. Assistant Manager Dotson announced. Altogether, 29 workers were placed.

Prune pickers were offered three cents a half-bushel box, twice as much as the wage reported Wednesday. Thirteen pickers were hired. Eight bean pickers were to receive 85 cents a hundred pounds, a low wage. The average worker can only pick around 50 pounds a day, it is said.

Twenty men were placed at general farm work yesterday and three at common labor. One call for a housekeeper was received.

Eerie Hoot Owl Induces Scouts To Alter Plans

Oooooo! but they are scary—hoot owls! At least 18 boy scouts of Hollywood troop six thought so while they were on an outing overnight at Camp Santiam Wednesday night.

Finding scattered parts of the camp to their particular liking, the boys had made up individual camps in several different locations. When the little owl began its nocturnal calling in the trees overhead, however, the lads hurriedly moved their beds to that of their leader, Earl Adams, it was learned on their arrival here yesterday.

The best took a seven-mile hike as one of their outing activities.

Mrs. DeHut Hurt Badly as Autos Clash on Trade

Mrs. Charles DeHut, 341 South 25th street, suffered a broken collarbone last night as the result of an automobile collision at 21st and Trade streets. Mr. DeHut and his son Lawrence, the driver, and Roy Nichols, driver of the second car, were injured. Mrs. DeHut was taken to a physicians' office for treatment.

The radiator, headlights and fenders of the Nichols sedan were smashed in, one wheel and the front axle bent. The left side of the DeHut's sedan was caved in, windows and rear wheel broken.

PICK MURDER JURY LOS ANGELES, Aug. 25—(AP)—Jury selection started today for the murder trial of Irvin S. Lincoln, slayer of Mr. and Mrs. Edwin H. Clarke, in whose home he was a roamer.

Housewives Wash Dishes In Moonshine

SPOKANE, Wash., Aug. 25—(AP)—Housewives washed their dishes in moonshine, and the forbidden liquid sprayed out of nozzles onto grateful lawns at Windsor community today. All of which formed a pretty mystery for the sheriff's force.

It came to light when one of the deputy drew a bucket of liquid out of the well. It was water. He turned on the power pump and it pumped liquor, quantities of it.

In the tower the mystery was solved. It once had served as a distillery. The operators had dumped all their liquor during a previous raid on the community, and somehow the whiskey had seeped into the drill hole into which the pipe leading to the dump was placed.

By nightfall, the sheriff saw to it that only sparkling water came out of the hole.

MINE STRIKERS HEAD HOME TO NURSE WOUNDS

Mass Meeting Broken up at Coulterville; Hundred Heads are Clubbed

Motorcade is Trapped Into Franklin County Foray, Leaders Declared

COULTERVILLE, Ill., Aug. 25.—(AP)—The remnants of a nine mile motorcade—the striking miners' big push into the operating southern Illinois mine fields—filtered homeward tonight with orders not to attempt a similar invasion.

The orders came from Chief Walter Moody of the state highway police who directed evacuation of Coulterville where about 4000 strikers gathered for a mass meeting today to determine a policy after the cavalcade was routed by clubs, pistol, machine gun and shot-gun fire by nearly 300 deputies last night.

About 100 strikers suffered clubbed heads. Only six were found badly enough hurt to warrant hospital treatment. Two had gun-shot wounds of minor consequence, authorities said.

After the melee near Mulkeytown in Franklin county, the invaders were turned back through Duquoin and headed north. Several spent the night sleeping in cars or wrapped in blankets on the ground near Pinckneyville and Countertown.

Moody appeared here today with about 40 subordinates. Cars and trucks were massed near a park where speakers addressed the miners in a mass meeting.

At the mass meeting, feeling ran high against Franklin and Perry county authorities. Speakers asserted Perry county officials, in forcing the cavalcade of nearly 15,000 upstate persons into Franklin county, were to blame for "plating" rap. The motorcade had planned to go south, into Dowell, near the Franklin county line. There an overnight stop was to be made and Franklin county was to be visited today.

AMELIA SETS NEW DISTANCE RECORD

NEWARK, N. J., Aug. 25.—(AP)—Mrs. Amelia Earhart Putnam, a tried but cheerful aviatrice, landed at Newark airport today, completing the first non-stop trans-continental flight by a woman.

Succeeding where she had failed once before, the tousled-haired young woman brought her crimson and gold high wing Lockheed Vega monoplane down in a perfect three-point landing at 10:31 a. m. (E. S. T.), 19 hours, four minutes, six seconds after her hop-off from Los Angeles. Mrs. Putnam also set a new distance flight record for women.

The previous standard was made by Miss Ruth Nichols on a non-stop jaunt from Oakland, Cal., to Louisville, Ky.

"It was a beautiful trip," the aviatrice said.

"If I had the weather I had on my first attempt (referring to the trans-continental attempt that ended at Columbus, because of a faulty gas line), I would have broken the record."

The record she spoke of is Captain Frank Hawk's non-stop trans-continental time of 17 hours, 39 minutes and 59 seconds.

Cyclist Injured When Struck by Hit-Run Driver

While riding a bicycle after dark last night along the Pacific highway near the Illinois schoolhouse south of Salem, Charles Wiegie, whose home is two miles west of Silverton, was struck by an automobile and severely injured. The motorist did not stop.

Young Wiegie suffered a badly fractured jaw, it was determined after he was brought to Salem Deaconess hospital by Ernest Britt of Corvallis. His parents took him home.

A truck driver who had passed Wiegie shortly before the accident occurred informed state police that the youth had no light on his bicycle.

Both wheels of the bicycle were demolished.

Hopis Pray for Rain and Get Service Immediately

WINSLOW, Ariz., Aug. 25—(AP)—Hardly had the echoes of their solemn prayers died in the vast mesa lands today than the gods of rains answered the supplications of the Hopi people for relief from drought.

Although rain fell only in scattered quarters of Hotevilla, scene of this year's Indian dance, thunder roared and torrents fell throughout the remainder of Hopi land.

Troops Await Order To Move Upon Farm Holiday Picketeers

Record Number Of Permits for Month Assured

Raid on Jail Averted When Strikers are Freed on Bond

Angry Farmers Rally Around Bastille at Council Bluffs

Checking his back records of building permits, City Building Inspector Bushnell yesterday discovered that the number of permits issued so far this month exceeds those of any other month since he entered the city's employ in 1929. Ninety permits have been issued to date for the month, 17 more than during July of this year, which was the previous record.

With several sizable building projects to be started here soon, it is expected the August building total will exceed that for July by several thousand dollars.

HARBOR GRACE, N. F., Aug. 25.—(AP)—Far out on the hazardous west to east air trail of the north Atlantic tonight were Clyde A. Lee of Oshkosh, Wis., and John Bochkon, of Brooklyn, N. Y., in a projected non-stop flight from Harbor Grace to Oslo, Norway.

Lee and Bochkon took off in their plane, the "Green Mountain Boy," at 5:02 Eastern Standard Time this morning. Clear skies were overhead at the takeoff and a tail wind pushed them along toward their goal. Hours later no word of their progress had been received from ships at sea.

The 3150 mile route laid out by the aviators, would carry them over Dublin, Ireland, Boston, England and Cuxhaven, Germany. They carried gasoline sufficient for 27 hours of flying or seven hours longer than they estimated would be necessary for completion of the hop. The first leg of the flight was begun at the Barrel Montpelier, Vt., airport Tuesday.

PORT MENIER, Anticosti Island, Quebec, Aug. 25.—(AU)—Adverse weather reports prevented the flying Hutchinsons from taking off for Labrador today in continuation of their leisurely flight to Europe by the Greenland route.

The Hutchinsons brought their large amphibian down in the harbor yesterday afternoon after an easy trip from St. John, N. B., their first stop out of New York.

LEE AND BOCHKON HEAD FOR NORWAY

"Green Mountain Boy" Gets Auspicious Start but Other Plane Waits

While the specially deputized Justice of the Peace Jack DeWitt went into a hurried conference with Roy M. Harrop and T. O. Tacy, attorneys for several of the pickets and arranged for their release on bonds.

Joe Ludwig, another deputy, was less seriously wounded.

The farmers, in this and other districts, have been seeking higher prices for their produce through picketing aimed at stopping all marketing.

At Sioux City, point of origin of the strike, more than a week ago, the blockade was broken when Sheriff John A. Davenport of Woodbury county ordered pickets to disband and jailed 88 of them when they refused to obey the command.

At Boone the sheriff was asked by 50 farmers to keep the highway closed until the pickets were picketed, open for traffic.

Another group of 88 farm pickets was released at Sioux City, Ia., tonight when authorities failed to file charges against them. Sheriff John A. Davenport arrested the men for unlawful assembly in an effort to break the strike in that vicinity, where it first attained important proportions two weeks ago.

After habeas corpus proceedings had started, authorities decided to drop the cases. Picketing was resumed.

KIDDLE CERTAIN OF PRESIDENCY CLAIM

Claims that Fred Kiddle, state senator from Union county, has 22 votes pledged to him for selection as president of the senate for the 1933 legislative session, were advanced here Thursday by Senator Joe Dunne of Multnomah county.

Kiddle has served two terms in the state senate, and has held a number of important committee assignments. During the last legislative session he fathered the bill providing for repeal of the one-mill market road tax.

Dunne also said he had lined up 33 votes for the elimination of the office of secretary of the state board of higher education. This office is now held by Dr. E. E. Lindsey, who is one of the highest paid officials in the state.

The Multnomah county senator indicated that he personally was responsible for lining up many of the votes now pledged to Mr. Kiddle.

Relief Promised From Heat Here

Blowing refreshingly over the city yesterday afternoon, a westerly breeze gave a semblance of coolness to the 89-degree heat and some promise of cooler weather today. The official forecast is for "somewhat lower temperature," with fair skies today and tomorrow.

Mrs. DeHut Hurt Badly as Autos Clash on Trade

Mrs. Charles DeHut, 341 South 25th street, suffered a broken collarbone last night as the result of an automobile collision at 21st and Trade streets. Mr. DeHut and his son Lawrence, the driver, and Roy Nichols, driver of the second car, were injured. Mrs. DeHut was taken to a physicians' office for treatment.
