

PLACE OF MIRACLE IS BELIEVED FOUND

Loaves and Fishes Appear On Mosaics at Church On Galilee Shore

VATICAN CITY, Aug. 30.—(AP)—Church archaeologists believe they have found at Tiberias on the Sea of Galilee the spot where the Bible says Jesus multiplied five loaves and two fishes to feed a multitude.

According to tradition a church was built at the scene of the miracle, and church ruins have been uncovered by a German priest, Father Evarist Andras Mader, director of the German oriental institute at Jerusalem.

In an article to be published in the Illustrations Vatican, a Jesuit, Father Christolorus Spellucci, announces that the discovery corresponds to all known religious history. The scene, which is described in John in the Bible, is the edge of a mountain close to the sea.

Ruins of a basilica were found by Father Mader under seven feet of clay. A large area of finely colored mosaics was well preserved. And six illustrations will be published.

The ruins show the basilica, which has three naves, was 170 feet long, with a 66-foot transept. Under the altar is a stone supposed to mark the spot of the miracle.

Mosaics in front of this stone depict serpents, sea birds, plants and lotus flowers, while behind the altar are shown loaves of bread and two fishes beside a sort of basket, probably referring to the baskets in which Christ told his disciples to gather the remains of the food after the multitude had been fed.

Father Mader still is in Jerusalem.

ANOTHER ECONOMIC CONFERENCE BILLED

WASHINGTON, Aug. 30.—(AP)—Coordination of all unemployment relief efforts for the approaching winter will be the aim of another conference called by President Hoover to convene here September 15.

While plans were going forward for the meeting today, committees were buckling down to the task of carrying out the credit expansion and share work program of the Hoover conference just concluded last week.

The agriculture department reported the farm commodity price index for August 15 was two points higher compared with July 15 and seven points above the record low in June.

Demands for purchase of capital stock in the 12 federal home loan banks were described as substantial by Franklin W. Ford, chairman of the system's supervisory board, who said subscription books in all districts would be opened before September 15 to assure opening of the institutions thirty days later.

ST. LOUIS, Aug. 30.—(AP)—The Federal Reserve bank of St. Louis today noted a decided improvement in sentiment in business circles, attributable to rising trends in prices of agricultural products, the upturn in security markets and further improvement in the general banking and credit situation. ASKS IMPEACHMENT OF VON HINDENBURG

BERLIN, Aug. 30.—(AP)—The first session of the new Reichstag opened today with a communist demand for the impeachment of President von Hindenburg and the entire cabinet, and closed under threat of imminent dissolution.

Frau Clara Zetkin, 75-year-old "grandmother of the revolution," who occupied the speaker's chair by right of seniority when the session began, declared the president and cabinet responsible to him had violated the constitution and deserved to be ousted.

The Reichstag then selected as its permanent speaker, Herman Wilhelm Goering, a national socialist leader who has been associated with Adolf Hitler ever since the beer cellar putsch of 1923, and who was cited for valor as commander of the famous Von Richtofen flying squadron during the war. This is the first important office in the national government to be won by a Nazi.

As the session was breaking up, the Associated Press learned authoritatively that President von Hindenburg has provided Chancellor Franz von Papen with a decree dissolving the Reichstag. The date on this decree has been left blank. It is up to the chancellor to decide when and if he shall use it.

CALIFORNIA WON'T ENTHUSE AT THIS

ITHACA, N. Y., Aug. 30.—(AP)—An important discovery in plant breeding, practically equivalent to growing oranges and other warm-country fruits in northern regions, was announced today before the international congress of genetics.

The discovery will make possible crossing of northern and tropical fruits, and will open the way to creation of many new varieties, said Dr. N. I. Vaviloff, of Leningrad, Russia, who credited it to Dr. T. D. Lyssenko of Odessa.

Inducing fermentation in seeds before planting them is the basis of Dr. Lyssenko's discovery. It makes possible shortening the period of growth, transforming winter varieties of plants into spring ones and late varieties into early.

The fermentation is produced by a definite combination of darkness, temperature and humidity," Dr. Vaviloff said.

"The discovery," he continued, "enables us to utilize in our (North Russian) climate for breeding and genetic work tropical and sub-tropical varieties, which practically amounts to moving southern Florida northward."

DENVER, Colo., Aug. 30.—(AP)—Cooperation instead of censorship, the international federation of Catholic alumnas was told in one report today, has brought an improvement in the moral and artistic tones of motion pictures.

The report, sent by Mrs. Thomas A. McGoldrick, Ll. D., of New York, was read to the convention by the secretary.

Where, the report said in 1929, 51 per cent of the films were recommended for Catholics to view, there was an increase in 1930 to 61 per cent and in 1931 to 71 per cent. BELIEVE MITCHELL DUG UP OLD CACHE

GALDWIN, Idaho, Aug. 30.—(AP)—A hunt for a cache of \$1,500 taken from the Middleton Stake bank by Walter and Arthur Mitchell during a robbery on June 24, 1926, has been virtually abandoned because officers believe Walter found the cache after his recent release from the penitentiary. Now, Prosecuting Attorney Frank E. Meek announced today, officers are hunting Mitchell.

The two brothers, both young, were convicted of robbing the bank and of bludgeoning the cashier, who later died. Before capture they fled from officers along the Boise river to its junction with Willow Creek and there the money appeared to have been hidden. Efforts to compel the men to reveal its exact hiding place failed.

Arthur Mitchell died in prison but Walter Mitchell was pardoned after serving slightly more than six years of a 20 to 40 year sentence.

On Aug. 10 he was released and thereafter other circumstances brought on a new search that led Attorney Meek to the conclusion Mitchell had returned to the area, recovered the money and fled.

TEDDY, JR., WON'T AID IN CAMPAIGN

MANILA, Aug. 31.—(Wednesday)—(AP)—Gov. General Theodore Roosevelt announced today he had called off his proposed trip to America to participate in the republican presidential campaign and called President Hoover stating he believed it best to remain at his post.

Governor Roosevelt had planned to sail September 14. He is known to have brought pressure to bear on republican chieftains to remain here because of important matters pending in the Philippines' legislature.

The legislature now in session is struggling with a budget balancing program and measures to reorganize the government.

Governor Roosevelt announced his proposed trip August 21. Some criticism was later voiced by Americans residing in Manila but Filipino leaders were unopposed, promising to try and have Governor Roosevelt's signature before he left.

Methodists at Dayton Plan To Hold Celebration When Church Reaches 70th Year

GRAND ISLAND, Aug. 30.—The 70th anniversary of the dedication of the Dayton Methodist Episcopal church building will be observed in late September. The church was dedicated in the month of September, 1862, by Bishop Simpson, one of the great bishops of the Methodist denomination. At the time that the building was erected it was thought to be a very pretentious affair, but due to the foresight of those sponsoring the work, the same building, although remodeled several times is still serving the Dayton community.

The history of Methodism in Dayton and the surrounding country dates back as early as 1842. Ten years later Bishop Ames came by boat to Dayton to conduct a series of services. The early Dayton circuit included Lafayette, Amity, Hopewell, McMinnville, Ebenezer, Carlton and Dayton. Three other points under the names of Vaughn, Williamson's and Winter's classes were also served by the pastor in charge of the Dayton circuit.

Plans are now under way for a series of special services to be held during the week of September 13 to 15 when prominent men of the church will participate in the anniversary occasion. Sunday, September 25 the celebration will be brought to an end when Bishop Titus Lowe of the Methodist church will be present to deliver the closing address.

CAMPAIGN TO COST OVER ONE MILLION

NEW YORK, Aug. 30.—(AP)—Republican campaign chiefs expect the cost of their 1932 ballot-drive will be between \$1,250,000 and \$1,500,000, national Treasurer J. E. Hutt announced tonight. Four years ago \$6,500,000 was collected by the national committee, he said.

Of this sum, \$331,000 remained at the end of the campaign; \$3,179,000 was actually spent by the national organization, and the rest went into various states, or was used to finance senatorial and congressional contests.

The maximum estimate of \$1,500,000 made by Treasurer Hutt is the identical figure the democratic leaders have set as their likely top expenditure.

Arraignment of Theatre Holdup Pair Postponed

The court arraignment of Ray Kaiser and Edna Parks, who were scheduled to appear before Judge McManis Tuesday afternoon, was postponed when their attorney, Tom Garland of Portland, could not be reached. The couple were charged with robbery while armed with a dangerous weapon in connection with the holdup of the Hollywood theater and Ray Stumbo, proprietor.

It was discovered that Garland had sent word to District Attorney Page to prepare information on the case, and that the two would waive grand jury indictment. This seemingly indicated that they would plead guilty to the charge.
