Daily School Given For Bible Teaching

ELDRIDGE, Aug. 30—Daily vacation bible school is under way this week at the Eldridge school house with Gladys C. Brown, president of Hayesville district Sunday school convention conducting classes. A lively interest was kept up among the children here last summer when Miss Brown carried on the work and the display in the Sunday school booth at the state fair in September was most gratifying and worth the effort according to Miss Brown.

HOP GROWERS ARE 'ON STRIKE', WORD

Larger Ones Holding out is Buyer's Statement; 13 Cents Turned Down

The larger hop growers are virtually aping the striking Iowa farmers, a buyer reported here yesterday. Thirteen cents is being offered for the new crop but very few contracts are being made. And on last year's crop, "11 1/2 cents is being freely refused," this operator said.

Only the smaller growers, who have no way of financing themselves except by selling their crop immediately, are taking contracts at present prices. Holding out for better contracts is not a new situation however. The growers have repeatedly organized here for this purpose.

Yield of early hops is generally being found lighter than last year's. Picking of the early crop is in full swing, with the late hops expected to come in around the first of next week.

Despite the recent rain, comparatively little trouble is being experienced from mold. A little of the pest has been discovered in scattered parts of the yards, particularly where no thorough spraying was done.

Probably due to the surplus of labor and the usual troubles have risen as yet over Japanese and Filipino pickers. Dealers reported yesterday they thought none of the yards was using the oriental labor to the complete exclusion of the white.

VETERANS ADVISED TO WATCH ACTIONS

SACRAMENTO, Cal., Aug. 30—(AP)—The Veterans of Foreign Wars, in national convention here, were admonished today by J. O'Connor Roberts, solicitor of the veterans administration, to consider their actions at this time carefully because "the eyes of the American people are upon you."

Roberts represented Brigadier General Frank T. Hines, administrator of veterans' affairs, at the convention because Hines is confined to his Washington, D. C., home by illness. What Roberts said today was, in the main, a counter-balance to remarks made yesterday by Congressman Wright Patterson of Texas when he attacked certain federal policies regarding veteran relief.

Roberts told the ex-service men the economic conditions of the country caused the people to look into expenditures and that they found 25 per cent of the federal income was expended on behalf of veterans.

He said that approximately \$1,000,000,000 is spent annually for the veterans' administration and that 72 1/2 per cent of this amount goes to World War veterans and their dependents.

Plans Made for State Gathering Of Credit Chiefs

National credit officials are being engaged to attend the state convention of credit bureau managers to be held here September 26 and 27. Credit men from Washington and Idaho will be visitors.

Frank T. Caldwell, field representative for the National Retail Credit association, who spoke here last May, will be one of the speakers. Another will be E. B. Barnes of Spokane, director in the national association.

Prune Pickers Are Called Out

Eighteen prune pickers were hired at the U. S.-Y. M. C. A. employment bureau yesterday. Altogether, 26 persons were placed, including one salesman, two farm workers, two common laborers and three evergreen blackberry pickers.

Thirty-nine jobs have been provided this week.

Credit Group's Plan Approved

Favorable response has met the Salem Credit association's recent resolution to Governor Meier asking that some means be found for assisting state employees in paying their bills instead of going into bankruptcy. Credit groups from other Oregon cities have unanimously endorsed the proposal in letters sent the local association.

Federal Agents Take Up Search

Federal secret service agents have taken over from state police the investigation of counterfeiting activities in the valley. They are continuing a search for two men believed accomplices with Oren J. Hewitt, Lebanon man arrested Saturday night on a counterfeiting charge.

COMPOSITE AMERICAN NO APOLLO

Coming so soon after our triumph in the recent Olympic Games, the announcement by Fair Science, at the Third International Congress of Eugenics at New York, that the human race is decaying, is a distinct surprise. Comparisons, always permissible to the scientist, are made between a composite of the present day American and the mythical Greek god Apollo. A plaster cast of the former is on display. It was swelled from the average body measurements of 100,000 veterans of the World War. And it is as well to admit right off that beside the gorgeous form of Apollo it is a very puny thing. The shoulders are too narrow and sloping and the spine is like a roller coaster. But the biggest fault in the make-up of the composite American is the pre-eminence of visceral obtrusiveness. Instead of the rope-muscle torso of Apollo, the model has a smooth expanse of what is known as paunch. But, for all his imperfections, the man of today can proudly point to the records and claim superiority over the deep-chested ancients who prayed to Apollo's papa, Zeus. And savants, who are so positive that the human race is decaying might examine those records and explain, if they can, just how members of a decaying race are constantly cutting down the time it takes to run a certain distance, increasing the height he can jump and the distance to see those a weight.

Chief Justice Henry J. Bean of the Oregon supreme court will leave today for Medford where he will represent the court at the dedication of the new Jackson County court house. As far as could be learned Rufus C. Holman will be the only other state official at the ceremonies set for September 1.

Father J. C. Heesaker, in charge of the St. Mary's school for boys at Beaverton, was here yesterday to submit his biennial budget for the school. The institution is a state-aided school.

Marks left here yesterday for Portland after trying a divorce case. He will spend several days in Portland and upon his return to Albany said he would make a decision as to whether to be a referee in bankruptcy or a state senator. Marks has been governor of Oregon five different times, ranging from periods of one day to more than a month.

No sooner will construction work on the Portland highway out of Salem be completed on the present stretch than work on an additional ten miles will be started. At least bids on the widening of the road from Brooks to Woodburn will be opened at the meeting of the state highway commission in Portland today.

Nineteen different projects will be awarded, estimated at a cost of from \$700,000 to \$800,000. This will be the main job for the commission although a half dozen delegations are scheduled to be heard. Members of the highway department, with the exception of Joe Devers, who is still ill at his home, left for Portland last night.

Again yesterday a calm rested over the state capital, the first since the Holman-Elnaig affair came out onto the surface. Just what the calm might indicate is another matter, perhaps another storm of some kind. At any rate the lobbies and corridors were all but deserted yesterday.

The hearing on the rates of the Tillamook unit of the Mountain States Power company at the coast city opened yesterday with Charles M. Thomas, public utilities commissioner, presiding. Others from his department in attendance at the three-day hearing are Claude Lester, David Don and R. A. Robson.

Jim Kutter, who has been attending Willamette university and working part time at The Statesman the past few years, is working at the Associated Press bureau in Salem.

MINTO ADVISES NO AID TO TRANSIENT

His Hotel Still Operating And Panhandlers Have No Excuse, Word

Although Hotel de Minto is accommodating large numbers of transients, its capacity is by no means reached, according to Chief of Police Frank Minto. And the place is still in operation, contrary to stories being circulated by panhandlers.

These panhandlers should be handled hard-heartedly and refused, since all transients are amply provided for at the city hall flophouse, he declared, in commenting on the large number of beggars going from door to door here.

"A lot of men are overstaying their time limit here. Then they tell people the transients' quarters are no longer running or that the food there is no good," he said.

"If people will quit giving panhandlers money, the quicker they'll get out of town. Tell the beggars to come to the police station. There is no need for any panhandling here."

The chief is particularly anxious that all cases of insolence on the part of transients be immediately reported to police headquarters.

As during all of last winter, transients are being given one night's lodging and two meals at the flophouse. Then they are ordered to move out of the city.

During the first 15 days of this month, 1488 men were cared for at the city hall.

Lyons People Attend Picnic on Sunday

LYONS, Aug. 30—A good many Lyons people were in attendance at the Lyons Pioneer picnic Sunday. A much larger number requires from three to four hours than last. A volunteer program was efficiently arranged and rendered after the basket lunch at noon. Everyone enjoyed the day meeting old friends and making new ones. The Barrick quartet of Salem gave several very much appreciated numbers during the program.

Dr. Claude Barrick was a one time resident of Lyons.

and at the present there are 130 boys enrolled. Father Heesaker coaches football as well as having charge of the educational work. He has turned out some material for larger colleges in the past for gridiron and scholastic honors.

Charles P. Fray, superintendent of state police, is getting collegiate from all appearances. At least he was seen on the streets yesterday without a hat. When called upon for an explanation he related he was invited out to lunch when in the capitol but he was afraid to go back after his hat for fear his host would change his mind.

PREMIER

Selected by King Gustav of Sweden, Felix Hamrin (above) is the new Prime Minister of the land made famous by Greta Garbo. Hamrin succeeds Premier Ekman, who recently resigned, giving as his reason that on two occasions he accepted, on behalf of the Swedish Government, sums of 50,000 krona from the late Ivar Kreuger, watch king.

Bevan to Talk At Meeting of Local Builders

Salem chapter, Oregon Building congress, will bring Arthur Bevan, secretary-manager of the Pacific coast for the Red Cedar Shingle bureau, here for the next open forum meeting, to be held around September 15. Secretary L. R. Schoettler announced yesterday. Mr. Bevan has recently completed a tour of the United States to study building conditions.

On September 12, the local builders plan on going to Portland to attend the state meeting of the building congress.

No meeting will be held next week.

Bottling Works Burglars Freed After Sentence

Guilt, sentence, parole, the customary procedure in department two of circuit court here, went on yesterday when Gilbert Taylor and Harvey Brooks, charged with burglary of the Star Bottling Works, 810 North Liberty street on August 14, were hailed before Judge L. H. McMahon. The two young men waived a grand jury indictment and pleaded guilty to burglary. They were sentenced to one year each in the state penitentiary and immediately paroled by the court to their attorney.

ACOSTING WOMAN IS CHARGE FACED

Fred Walter Worrell, 20, was lodged in county jail last night under \$1500 bail which he was unable to furnish, after he was arrested yesterday for allegedly accosting a woman for immoral purposes. Worrell asked 24 hours in which to plead when he appeared before Justice of the Peace Hayden.

Worrell is held to have accosted the woman, a local party of middle age, near Bush's pasture several days ago. Scared, she struck him over the head with a basket of provisions she carried, and fled. Police were called but were unable to find the alleged attacker of the woman. Several days later she saw him going along 12th street, summoned policemen, and had him arrested.

Worrell came to Salem from Toledo, Ohio, last year. He played on the Scott high school football team. He was enrolled as a freshman at Willamette university last spring.

More Transfer Students Enter Names for High

Four more new students enrolled at Salem high school yesterday, bringing the total to seven. Principal Fred D. Wolf is urging all students, not yet registered and planning to attend school next month, to enroll at his office as soon as possible in order that the class schedule may be completed.

Those enrolling yesterday are: Laura Keeney, coming from Dallas high school and entering Salem high as a sophomore. Emilie Wadaege, from Dundee, junior.

Howard Cummings, from Nestucca, sophomore.

Rolland Clark, from Sesser, Ill., junior.

Inheritance Tax On Estate Told

Inheritance tax to be paid by the estate of the late Dr. Robert T. Boals to the state amounts to \$807.78, according to an order filed yesterday in probate court. The total value of the estate amounts to \$64,139, of which all but \$10,000 is subject to tax. Judge John Siegmund said the tax was one of the largest, if not the largest, to be paid in Marion county during the last five years.

"TO BE CONTINUED, Tomorrow"

We don't know whether you ever thought of it in this way or not, but a thrilling "serial" is running in this paper which has been a continuous feature every day since our first issue. In fact, this serial shows no sign whatever of coming to an end. Each new chapter reveals unexpected developments. It grows more interesting and more thrilling each day. We refer to the continued story of developing and enriching American life, as told in the advertisements.

Although you read it every day, you may not realize that an army of specialists is employed in telling the never-ending continued story of American progress. Scientists from the various professions—chemists and dietitians, physicians and physicists, inventors and engineers—search out and arrange the facts for the story. Trained writers weave it in the language of street and home. Expert artists and photographers illustrate it. Millions read it, and it touches every life.

Here are a few of the subjects treated in the story: Ways to save labor and to make life better. How to promote health and enjoyment. How to make homes and living in them beautiful. The care and feeding of children and grown-ups. Amusements, recreation and travel. How to prevent sickness and add security to life.

But, just turn to the story itself as revealed in the advertisements. Today's "chapter" we find particularly interesting.
