PINCH IN STOCK FOLLOWS RALLIES

Cotton Hardens Dollar a Bale; at Best Increase is 3 Points

By JOHN L. COOLEY
 NEW YORK, Sept. 9.—(AP)—Stocks again felt the pinch of selling orders today, but not until the list had gone through a fairly general rally.

Trading was most active in the last hour when holders were taking profits and when offerings for the short account seemed to be on the increase. Many brokers thought a reaction would at least have the merit of strengthening the technical position. Also, they wondered how much higher the market could be expected to go without fresh impetus from business news.

Cotton hardened to the extent of nearly a dollar a bale. Railroad executives, meeting in Chicago, decided to recommend that individual roads serve notices of a second wage cut. Weekly mercantile reviews offered some cheerful comments on the state of trade and sentiment. Copper still acted sluggishly in the foreign market.

Taking the day as a whole, stocks moved irregularly.

At its best the general list was 1 to 3 points higher. The range of net losses was not quite so wide, averaging into a decline of 1.7 for 90 leading issues, in a turnover of 4,038,210 shares.

Net losses amounted to around a point in U. S. Steel, American Telephone, Consolidated Gas and North American, Amoco, Kennecott and American Smelting were heavier; so were National Biscuit, United Aircraft and Westinghouse. Detroit Edison took little notice of its dividend cut, the possibility of which was made known three months ago.
