

OREGON REPEAL EFFORT TARGET

Plea That Lawlessness not Be Turned Loose Here Made by Speaker

(Continued from page 1)
statements that restoration of the liquor traffic would aid government solvency. "The brewer and the distiller grow wealthy from this income no matter what tax is assessed."

"The depression came to other countries sooner than to ours," Mrs. Jolley declared. "The liquor selling nations have the same problem of unemployment and some even worse. These countries did not seem able to cope with conditions."

"The liquor industry was always characterized as a parasitic industry because it lived and thrived upon legitimate industries," Mrs. Jolley said. "After investigations, statisticians have found the liquor industry employed only a small number of men."

The speaker scored attempts to "undermine the national constitution." "Opponents of the law have done all in their power to prevent enforcement and now they are working harder than ever to repeal or modify or get a substitution of the 18th amendment," she said. "Just because some people do not like the law and do not obey it, is no reason why that group should not be given another chance to vote on it, by the dry people of this country."

She declared she was confident "the people of Oregon will vote dry" if they go to the polls and cast their ballot. Referring to the initiative measure to repeal the state prohibition law, Mrs. Jolley called the situation "a danger" which if repealed, if carried, would continue state and national prohibition both in Oregon by constitutional dictate and yet leave the state without an enforcement act.

She pleaded with members to enlarge their local chapters in 1933 and hold the 4000 membership goal for next year was attainable.

Gilbert to Discuss Farm Home Program
Today's program will center about the Children's Farm Home, an institution under the direct sponsorship of the W. C. T. U. Superintendent L. M. Gilbert will tell of its progress this year. In addition to this election of officers this morning will draw much interest.

An instructive talk is anticipated from Mrs. W. Gabriel, president of the Oregon association for temperance education. Reports from county delegates will also be continued into the program of today.

An evening meeting will be observed and at this time Mrs. Mabel L. Keesch will give an address on "Slum Work in Saloon Days"; R. W. Nelson will speak on "Oregon at the Crossroads"; and Mrs. W. Sherman Thompson will present a playlet which she has rewritten, "Who Elected Maloney."

HUNDREDS PATRONS OF COOKING SCHOOL

(Continued from page 1)
man in presenting the school are the gas company, Busch's Grocery and The Market, Pillsbury Flour Mills, K C Baking Powder; Capitol Dairies, Bloch's Golden Rule Store, Gahlsdorf's, Miller's, Capital City Laundry, George C. Will, H. L. Stiff Furniture company.

Features on today's program will be tamale pie, banana bread, pepper cup salad, coffee marshmallow ice cream, and other recipes of interest to housewives. Miss Reger tries to combine practical and useful recipes with delicacies for desserts or for company serving.

Here are some recipes which she used yesterday:
Casserole Chicken
Clean, dress and cut up fowl, season with salt and pepper, dredge in flour and brown nicely in hot fat. Saute in butter, mushrooms, potato balls, carrot slices and tiny onions. Season vegetables with salt, pepper and paprika. Place chicken in buttered casserole, add vegetables, layer of potato balls, then layer of carrot slices, etc., until casserole is filled. Cover tightly. Place in oven at 350 degrees for 1 1/2 to 2 hours. This provides a combination dish of fowl and vegetables which is very delicious.

Nut Prune Souffle
Pick over and wash one half pound prunes, soak 1 hour in cold water, then cook until soft. Remove stones, add 1 cup sugar, one inch of cinnamon bark, 1-3 cups boiling water and simmer 10 minutes. To 1-4 cup flour add enough cold water to make thin mixture, add to prunes and cook for 5 minutes. Then add stiffly beaten whites of 2 eggs and 1-2 cup chopped pecans. Pour into individual molds, chill thoroughly and serve with whipped cream. Garnish with maraschino cherry.

Cup Cakes
1-4 cup butter
1 cup sugar
2 eggs
1-2 cups flour
2 teaspoons baking powder
1-2 cup milk
1 teaspoon vanilla
Cream butter and sugar until well blended. Add beaten eggs. Sift together baking powder and flour and alternate with milk (to which has been added the flavoring) to first mixture. Blend thoroughly—bake 15 to 18 minutes at 400 degrees.

Butterscotch Sauce
1-2 cups brown sugar
4 tablespoons butter
1-3 cup nut meats
3-4 cup cream
2-3 cup light corn syrup,
1-8 teaspoon salt
Cook sugar, syrup and butter together until they form a soft ball when dropped in cold water. Then add 3-4 cup thin cream, adding very slowly, stirring constantly. Add nut meats and salt. Serve over cup cakes either hot or cold.

at all then as there was only a slight difference between the street level and the sidewalk.

The Market street level was changed several years ago, increasing the height of the sidewalk above the street.

The mountain guide repeated the assertion he made in Portland that a man had given him a suitcase in Oakland to bring to San Francisco; that he delivered it to a man at a cafe near the Ferry building and had lunch with him there while the suitcase, which he believes contained the fatal bomb, was nearby.

Callie led the group to the cafe, which is virtually unchanged, and pointed out the location of a table where he claimed he had lunch and recalled taking a drink at a fountain opposite the cashier's desk.

PLUVIUS APPLAUDED IN COMEBACK HERE

64. A year yesterday the maximum was 56 and the minimum 41.

Weather for today is predicted to bring occasional rain. Merchants of Salem expressed themselves as well pleased with the rain. Clothing stores had uniformly reported the last two weeks that the unusually dry fall was holding back fall purchases.

Yesterday saw a considerable rush of business, purchasing of fall and winter wearing apparel and wet weather goods predominating.

The county's nearly completed market road program will be materially benefited by the rain. Roadmaster Frank Johnson said yesterday. So heavy has the dust been, distribution of gravel has been difficult because the new rock worked through the dust and a sound foundation could not thus be obtained. The rainfall of the last 24 hours will lay the dirt foundation for the roads now being finished, Johnson declared.

Y. ENROLLMENT IS OFFICIALLY BEGUN

(Continued from page 1)
Y. M. C. A. presided at the dinner. Invocation was led by Rev. Grover C. Birtch of the Presbyterian church. Short talks were given by Don Hendrie, northwest amateur wrestling champion, Dr. R. Lee Wood, C. A. Page, Dr. Frank E. Brown and Carl Abrams.

Dinner was served by a group of Delta Phi society girls of Willamette university. Practically the same group of girls served at the annual banquet last year and at the daily report meetings the following week.

A musical program was furnished by Marjory Winder, violinist, accompanied by Miss Rose Jeff. Remarks were made by captains of the five enrollment teams, including Paul B. Wallace, C. A. Sprague, Carl Abrams, Charles Wiper and Walter Sociofolsky. Gus Moore, boys' secretary and captain of the junior board membership team, also gave a short talk.

Teams will meet for luncheon at noon today for the first of the daily reports.

PRESSURE SELLING METHODS CLAIMED

PORTLAND, Oct. 12 — (AP)—A charge that representatives of Albert E. Pierce & Co., Chicago brokers, extended pressure to Portland banks and brokerage houses that advised against investment in Central Public Service corporation stock was made by Alfred E. Clark, attorney for intervenors, at today's session of State Commissioner of Public Utilities Charles M. Thomas' hearing into the financial relations of the Northwest Public Service company and its Chicago parent organization, the Central Public Service corporation.

Millions of dollars were invested in the latter organization's stock, which is now paying no dividends, and a considerable amount of stock in the Portland Electric Power company, predecessor of the present Portland utility, was traded in for it.

Clark said that a letter disclosed that W. H. Bell, in charge of stock sales here for the Pierce company, recommended to his home office that the account of the Pacific Northwest Public Service company be withdrawn from a certain bank, which was characterized as untrustworthy.

Later, Clark said, the account was actually withdrawn.

Lad Dragged to Death by Horse; Mother Witness

IDAHO FALLS, Idaho, Oct. 12 — (AP)—Leon Davies, 11, son of Mr. and Mrs. Wallace Davies of Woodville, southwest of here, was dragged and trampled to death by a horse this afternoon.

The boy went to the field to catch the horse and apparently having trouble bridling the animal tied the halter rope around his waist. The horse became frightened and dragged the boy under its feet for a quarter of a mile. His mother said she saw the horse kick the boy and then start to run.

Other officers chosen by the Pythian Sisters follow:
Norah Campbell, Wallowa, grand senior; Minnie Riley, Portland, grand junior; Rose Farrington, Portland, grand mistress of records and correspondence; Mabel Erickson, Salem, grand mistress of finance; Hazel Hollenbeck, North Plains, grand protector; Harriet Woolsey, The Dalles, grand manager; Mabel Childs, Huntington, grand guard; Cobie de Lespinasse, Hubbard, state press correspondent.

THE ZORN-MACPHERSON SCHOOL "JUGGLING" BILL AT TAXPAYERS' EXPENSE — ESTABLISHES 4 NEW SCHOOLS, CREATES 2 NEW TYPES OF SCHOOLS — BOTH UNTRIED AND UNNEEDED.

NOT CONSOLIDATION ... but a COSTLY EXPANSION!

Under the guise of economy, unknown interests propose this extravagant building and wrecking program, which claims to be a consolidation of Oregon's higher educational system. There are five campuses now, and if this bill is approved, there will still be five campuses, after a raid has been made on the taxpayers' money! The following facts will enable every taxpayer to prevent this experiment which endangers our higher educational system, and results in a tremendous financial outlay by taxpayers.

4 New Schools Established

This bill actually creates 4 NEW schools—a junior college at La Grande and Ashland; a law school at Salem; and a teachers' college at Eugene. In addition, it "junks" the Monmouth Normal School, valued at \$700,000, and uses but one-third of the facilities of the University at Eugene. This disarrangement will result in a tremendous financial outlay by taxpayers for additional NEW schools, NEW departments, NEW courses and NEW equipment. There are five campuses now, and if this bill is approved, there will still be five campuses; but, in addition, the taxpayers will be forced to erect new housing facilities for the University law school and library at Salem; provide NEW buildings and dormitories to accommodate the greatly increased student body poured out on the Corvallis campus; and equip two NEW junior colleges and a teachers' college with new and costly facilities for conducting 2 NEW and untried systems.

2 New Types of Schools Proposed

Two NEW TYPES of schools are created by this bill—two junior colleges and a teachers' college—both untried and unneeded in Oregon. To educate students for junior standing in technical and scientific college courses, requires expensive laboratories and equipment, the cost of building the new facilities now maintained at the University and State College. The bill also proposes to establish the principle of STATE SUPPORT TAX for all or any junior colleges. Every town in the State of Oregon will then have the right to demand a junior college! Every legislative session will invite log-rolling bills for appropriations for new junior colleges in southern Oregon. Taxpayers of this state are asked to vote on this costly junior and teachers' college experiment, with every expenditure made at their expense.

In addition, this bill claims a saving of \$1,000,000 per year in taxes. BUT DOES NOT ACTUALLY REDUCE CURRENT BASIC STATE TAX for higher education by a SINGLE PENNY. You will pay the same tax for state schools as you do now if this bill is approved.
