Drugs & Sundries

Buy your drugs with safety from your local druggist who has spent years of study and apprenticeship before he gets the title of Druggist, or "Doc," as he is generally called by friends and customers. Trust him to put up your everyday medicines and prescriptions. The few cents you sometimes save is not worth the risk you take at buying from pine board stores that do not even have a pharmacist in charge.

Specials---Friday-Saturday-Monday

Millers Returning To Arkansas Home; Farm Here Traded

LIBERTY, Oct. 13.—The John Miller family started out Wednesday morning on a motor trip to Hot Springs, Arkansas, their former home. They plan to remain there.

The A. B. Keeney place has been traded to a Mr. and Mrs. Meyer of Sierras Madiera, Calif. The Keeney's receiving a house and lot in the California city for the farm here. The Baker family will continue to live on the place here as the Meyers are spending the winter in Omaha at work.

JEFFERSON, Oct. 13.—J. Black and family, who had the D. M. Burnett place just north of here leased for the past year, have moved to Salem. William Lake has rented the Burnett place for the coming year, and has moved his family into the house vacated by the Black family. Mr. and Mrs. George McCoy and family, who have been living in the house just south of the school since last fall, have rented a farm two miles north of Marion, on the Turner road, and have moved.

One kind of wheat may be good for one kind of baking, but not for another. Therefore, a flour made from only one kind of wheat may not be what you need today. This "balanced" flour is safer. It's a blend of different kinds of the finest wheat. It works perfectly for all your baking, all the time.

PILLSBURY'S BEST The "balanced" flour
