Quilt Exhibit For Grangers Interesting

Petition to That end out; Legion Post for West Salem Talked

NORTH HOWELL, Oct. 17.—Twenty-one quilts were on display at the regular grange meeting held in North Howell grange hall Friday night when the H. E. C. arranged the program and this quilt show.

Among those who had quilts on display were Mrs. Anna Dunn, Florence Oddie, Gladys Williams, Mrs. C. E. McIlwain, Mary Lou Wiesner, Mrs. A. T. Cline and Martha Vinton. Designs included such interesting ones as "Road to Oklahoma," "Tulip," "Wedding Rings," "Sunbonnet Baby and Overalls Boys," "Star" and "Rolling Stone." Patterns in applique and in popular magazines were also beautiful.

Mrs. Florence Oddie gave a brief history of each quilt and to her goes the honor of exhibiting the oldest piece of quilt there, made by Mr. Oddie's grandmother in Scotland. The beautiful quilting design and work on Mrs. Mattie Vinton's sunbonnet baby quilt was much admired and the old-fashioned silk and wool crazy quilt shown by Mrs. Cline and made by her mother, the late Mrs. George Weeks, also drew attention.

A clever scene during the program hour was arranged by Mr. and Mrs. Earl Harmon and afforded much merriment as "Grandma's" read items from the "North Howell Dispatch" to "Grampa."

November 4, all day and evening, was settled as the date for the North Howell grange fair and corn show, and each committee is to be responsible for the arrangement and exhibits in respective booths.

"Nature in the Raw" is seldom MILD

THE INDIAN RAID
"Nature in the Raw"—as portrayed by the celebrated artist, Fred Madan... inspired by that wild, bloody scramble of covered wagons in the Colorado Gold Rush (1858), as described in the National Geographic Magazine. "Nature in the Raw is Seldom Mild"—and raw tobaccos have no place in cigarettes.

No raw tobaccos in Luckies —that's why they're so mild

WE buy the finest, the very finest tobaccos in all the world—but that does not explain why folks everywhere regard Lucky Strike as the mildest cigarette. The fact is, we never overlook the truth that "Nature in the Raw is Seldom Mild"—so these fine tobaccos, after proper aging and mellowing, are then given the benefit of that Lucky Strike purifying process, described by the words—"It's toasted". That's why folks in every city, town and hamlet say that Luckies are such mild cigarettes.
