Friday Council Meet For Church Women

Pertinent questions concerning women's relation to the church educational program will be discussed by Presbyterian women from churches throughout this section of the state at a round table to be held under the auspices of the Presbyterian board of Christian Education in Salem October 21.

Arranged through the efforts of Dr. W. L. Van Nuys of Portland, field representative of the Presbyterian board of Christian Education in the Synod of Oregon, in cooperation with a local committee, this conference is one of twelve such round tables being held in Washington and Oregon in late October and early November.

This and all other conferences will be under the immediate direction of Miss Mary Amelia Steer, director of Women's Work, Presbyterian Board of Christian Education, who has come from Philadelphia with a unique discussion program which she believes will aid in solving the problems of women workers in the Presbyterian church.

"The Relation of Women to the Presbyterian Program for Christian Education" is the suggested round table theme, to be adapted and developed by local leadership. The round table will open with a devotional period, to be followed by discussion on the home and the church as they are related to Christian education, organized women's work and the Christian education program, and the possible procedure by which needs in the field of Christian education can be met. Miss Steer has outlined numerous possible questions which will be discussed under these topics as the delegates desire.

Miss Juana Holmes, Mrs. F. W. Steusloff, and A. R. Holmes returned Monday night from a two-week automobile trip through Washington and Northern Idaho. They encountered snow according to their report at Government camp.
