**PILLSBURY'S BEST**  
 The "balanced" flour  
 Why take chances on expensive baking failures with flour made from only one kind of wheat? It may not work right for what you want to bake today. There is one flour which is a properly "balanced" blend of different types of the finest wheat. It works perfectly for all your baking, all the time.

# SAFeway STORES

## BUY a Bushel of WHEAT

A Safeway Farmer-Consumer Benefit Campaign on FLOUR  
 FALL, and the harvesting of the wheat, brings the problem of marketing another bumper crop. This is the seventh of a series of campaigns conducted by our stores in cooperation with the grower. We believe this cooperation with the producer benefits everyone and should help to hasten good times. So this week we are featuring flour (a 49-lb. sack of flour—approximately a bushel of wheat) and suggest the slogan, "Buy a bushel of wheat." Prices are very low, buy now!
