

### POTATO PRICES GO YET LOWER, WEST

CORVALLIS, Ore., Nov. 2.—(AP)—Terminal potato prices were lower in the west but slightly higher in the east at the close of this weekly period, compared with last week, as stated in a review by the U. S. D. A. bureau of agricultural economics co-operating with the O. S. C. extension service. Prices at western loading points, however, were generally lower than a week ago.

Klamath Russets at San Francisco brought 90 cents per hundred which was about 5 cents above Idaho Russets. A year ago they brought \$1.15 per hundred in the same market. Chicago quoted No. 1 Idaho Russets at \$1.05 to \$1.15, a gain of 5 cents over last week but 20 cents under a year ago.

With Idaho cash track prices at 32 1/2 to 35 cents per hundred, movement from that district is running very light for this time of year. The national movement has also been light compared with this period in previous seasons.

Though harvesting is practically completed in some of the main western districts, some sections have experienced loss from frost damage with some abandonment of acreage in view, depending on temperatures from now on. In the Yakima valley practically all the commercial crop will be washed before going to market, there having been a big increase in washing this year.

### MOMENTUM GAINED BRIEFLY BY STOCKS

NEW YORK, Nov. 2.—(AP)—Stock trading picked up momentum on a late hour reaction to such prices were not so much lower on balance, but the only appreciable activity was while quotations were sliding off. Sales totaled 1,093,790 shares, half of which changed hands in the final 30 minutes.

Drug, Inc. recorded an extreme advance of 2 1/2, turning over briskly as a regular dividend of \$1 a share was voted. Oils were steady to firm.

American Telephone bowed under par again when pressure became rather pronounced, making a new low something more than a point. Allied Chemical, U. S. Steel, Consolidated Gas, North American, Case, Harvester, United Aircraft, Westinghouse and American Tobacco "B" sagged 1 1/2 to 2 1/2; otherwise losses tended to be smaller, except in the railroad section.

### STUDENTS GET HOT LUNCH AT FAIRVIEW

FAIRVIEW, Nov. 2.—Fairview school is rapidly moving toward a new attendance record with 25 pupils now enrolled. All eight grades are represented. Thanks to the response from residents of this district, the midday hot soup program is one of the features of the school.

Among new arrivals is the N. E. Chastean family. Mr. Chastean has located on the farm at the summit of old Ankeny Hill road. They come to the Fairview district from Brooks.

H. E. Hansen and wife have moved to Scotts Mills for winter work in the woods. Mr. Hansen, who recently came here from Washington, is renting the Lincolnton place in the old Ankeny section. Mr. Hansen is a successful rabbit breeder and has brought part of his stock with the view of enlarging here. He also has a stock of German fitch.

### Open Light Tried So Garage is No More

TURNER, Nov. 2.—The gazebo on the Lawrence Edwards place a mile west of town burned to the ground Saturday night. Mrs. Edwards and the hired man had occasion to get gasoline from the building and carried an open light. Fortunately the pair escaped injury. The building was not far from the house, which would have been endangered had there been a south wind.

### WHEAT TREND SLIGHTLY UPWARD HOP SALES NOW RUNNING BRISKLY

#### Can a Situation's Effect is Only Transient

CHICAGO, Nov. 2.—(AP)—Sudden big broadening of overseas wheat demand for wheat from Canada lifted Chicago wheat values today, but the effect proved only transient. United States wheat export trade was a virtual myth.

It developed that most of today's Canadian export business, about 2,000,000 bushels, was with Great Britain, and belief was general here that British government refusal to permit Canadian wheat to receive preferential tariff treatment when shipped from United States ports had been a determining factor in the enlargement of purchases from Canada. Talk was heard that further huge quantities of Canadian wheat for shipment to Great Britain were likely between now and the close of navigation on the St. Lawrence.

Wheat here closed nervous, at exactly the same as yesterday's finish to 1/2 cent higher, corn unchanged to 1/4 cent lower, oats unchanged to 1/4 cent lower. Today's closing quotations: Wheat—December, 53 1/2-54; May, 48 1/2-49; July, 49 1/2. Corn—December, 24-24 1/2; May, 28 1/2-29; July, 30 1/2. Oats—December, 15 1/2; May, 17 1/2; July, 18 1/2.
