**Foreclosure on Delinquent Tax Rolls is Begun**

The county court took legal action Saturday to commence suit for the foreclosing of the delinquent tax rolls for five years—1921 to 1925, inclusive. Taxes outstanding on the property totals \$200,000 are entirely collected. Ed Keach, special counsel for the court, stated yesterday.

Earlier this year the county proceeded to sue to foreclose its past-due tax rolls for the years 1918 and 1919. In the new foreclosures soon to be filed, about 400 defendants are named.

Keach pointed out that the county had sent several letters to each delinquent taxpayer before starting suit and that in 25 percent of the cases the delinquents were paid.

**\$1,000,000 SAVING MADE IN EDUCATION**

**Dr. Kerr Reports Higher Board has cut Costs 25-per Cent**

Concrete evidence that Oregon's higher educational institutions are being conducted on a new basis of economy, with resultant savings to the taxpayers, was set out in a report of Dr. W. J. Kerr, received at the executive department Saturday, comparing the present biennial expenditures with those of the two years immediately preceding the establishment of the state board of higher education curtailment program.

The report was requested by Governor Meier in a letter sent to Dr. Kerr a week ago.

The report shows that the total expenditures for all state institutions of higher learning for the years 1929 and 1930 were \$9,468,524, or an average of \$4,734,262 for each year of the biennium. The expenditures for the entire state system of higher education for the years 1931 and 1932, the first year during which the state board of higher education operated the institutions on its own initiative, were \$3,824,872. This is a saving of \$999,590 for the year.

**Saving is \$1,072,800**

The estimated expenditures budgeted for the year 1932-33 for the entire system of higher education aggregate \$3,482,254. This is a reduction of \$1,246,208, as compared with the average yearly expenditures for the biennium 1929-1930.

"Thus the average reductions for the past two years amount to more than a million dollars, or \$1,072,800, as compared with the average expenditures for each year of the 1929-1930 biennium," the report continued.

Commenting briefly on his plans as chancellor, Dr. Kerr continued: "It is my purpose, first, to eliminate to the minimum all duplication of work, and second, to effect such organization as may be necessary to insure throughout the entire system the lowest possible cost consistent with efficiency. To accomplish these ends a careful study will be made of conditions throughout all of the institutions, with a view of eliminating waste of whatever kind, reducing the size of the faculties to the extent necessary as an assurance that each person will carry a full load, removing all causes of

**POST INVITES WAR VETS TO MEETING**

Capital Post No. 9, American Legion, will hold its annual open meeting and entertainment at Fraternal temple at 8 o'clock tomorrow night with a venison feed, dancing and musical numbers on the program. Members of all veterans' organizations and all ex-service men are invited to attend.

Entertainment will include a wrestling match under the direction of Onas Olson, solos by G. E. Jennings, radio tenor; piano numbers by V. P. "Piny" McNamara, "human jazz band"; French songs by Angeline LaRoche Bliven, and music by Guy Albin and his orchestra. Following the venison feed, there will be an hour of dancing.

**Department Commander** Jack Eakin of Dallas at this meeting will present the official national citation to the Salem national guard corps.

J. T. Delaney, general chairman, also will report on final plans for the Legion Armistice day celebration to be held next Thursday night and all-day Friday.

**Order on Power Hearing Planned**

The work of preparing an order in the case involving the financial transactions of the Pacific Northwest Public Service company, Portland Traction company, Portland General Electric company and the Central Public Service corporation, has been undertaken by Charles M. Thomas, public utility commissioner.

Thomas declared that it would require approximately two weeks to complete the order.

**School District Tuition Receipts Total \$44,714.64**

Salem school district will receive \$44,714.64 in high school tuition funds for 1931-32, a reduction of about \$6700 through the supreme court's ruling, according to County Superintendent Mary L. Fulkerson. The figure is subject to some variation if any of the outside school districts should protest the amount charged them.

Because of the sudden influx of tuition pupils to the high school last year, the total amount of tuition due increased \$8314 above the \$36,500 estimated receipts item in the budget. Last spring Superintendent Hug reported 354 tuition pupils attending high school here.

**6000 WORD MEASURE HAVE YOU STUDIED IT? DO YOU KNOW IT?**

**DON'T BE MISLED THAT THIS BILL DOES NOT AFFECT THE FARMERS AND SHIPPERS**

READ SECTION 12—ANY CONTRACT HAULER must first receive from the state commission a permit for contract hauling, before he can legally haul your merchandise, products, etc. ONLY EXCEPTIONS—(A) party contracted to haul school children and teachers, for compensation which is paid by the school district. (B) Motor vehicles for the transportation of properties owned by non-profiting cooperative association.

Every truck calling at your farm to take your crop to market is curtailed, fees increased, permits required, and, Mr. Farmer, doesn't this effect you?

THERE IS NOTHING in this to assure you of lower license fees—or nothing in favor of the farmer. If carried and enforced, without doubt, will increase rates for farmers as well as all shippers.
