SUBSTANTIAL GAINS ARE MADE, STOCKS

NEW YORK, Nov. 7.—(AP)—Maintaining the stronger tone apparent in the two final markets of last week, stocks made substantial gains in a larger turnover today.

Brokers attributed the buying, which made possible net gains of 1 to 4 points, largely to covering by shorts seeking to even their accounts. Sales amounted to 1,609,750 shares, the best turnover since October 14.

Bonds averaged higher.

Case, Allied Chemical, American Telephone, U. S. Steel common and preferred, National Biscuit, Woolworth, Loew's, Consolidated Gas, American Can and a few others were gainers of 2 or 3 points net.

Union Pacific, benefitting by predictions of a regular dividend at Thursday's meeting, improved more than 4 at the best, easing slightly from its high. Owens Illinois Glass was up 3⅝ and U. S. Industrial Alcohol nearly 2.

The publication "Steel" reported a further gain in production for that industry, adding that the current 21 per cent rate might be stepped up to 22 per cent later this week. Some copper was sold abroad at a slight price advance, reflecting, it was said, a better demand in a market where offerings were scarce.

CANNERY SALES IN CALIFORNIA GOOD

STAYTON, Nov. 7.—George A. Smith, manager of the Stayton cannery, has returned from San Francisco, where he went to meet former wholesalers who had been buying Stayton cannery output. He contracted all the old customers, and introduced for the first time the wild blackberry jam, one of the popular outputs of the cannery.

It proved to be most popular, and he also had splendid success in selling the strawberry jam, a favorite wherever it has been introduced.

Due to the fact that there has been no frost there, and green beans are still plentiful on the market, he did not dispose of this product as he had hoped. However, he expects to meet with the same success in that section as he has in former years in placing them there.

G. A. Coleman Rites Will be Held Today

SILVERTON, Nov. 7.—Funeral services for George Allen Colman, who died at the home of his niece, Mrs. Alfred Olsen near Marquam, Sunday, will be held from the Larson chapel Tuesday at 2 o'clock with interment at Miller cemetery. Rev. J. C. Hall of the Methodist church will officiate.

Mr. Colman was born in Henry county, Missouri, July 24, 1855. For some time he had made his home with his niece, Mrs. Olsen. Mrs. Clyde Ramsby of Silverton is another niece.

Highway Widening Starts in 2 Weeks

AURORA, Nov. 7—Widening of the highway between Aurora and Barlow will be under way within two weeks. Men have been on the route daily, securing the right of way from property owners.

It is hoped here that as many local people as possible, will be used on this short strip of work.

BOLTS HOOVER

Senator Hiram Johnson, California Republican leader, announced that he "could not and would not support President Hoover" for re-election because the President's stand-pat policies conflicted with Johnson's progressive principles.

WHEAT SKYROCKETS UP 2¼ CENTS
EGG, BUTTER MARKETS ARE STEADY

Reaches Four Cents Above Recent all Time low Price

CHICAGO, Nov. 7.—(AP)—Skyrocketing 2¼ cents a bushel in lively dealing today, wheat scored the third straight day of recovery from last week's record low prices.

Much of today's advance, which hoisted wheat here to four cents above the all-time low, was ascribed to strength shown by the New York stock market and to a sharp rise in wheat values at Winnipeg. A drawback, though, was that the Winnipeg bulge appeared to be due to breaks in Canadian exchange rates, reviving talk that Canada might go off the gold standard.

Wheat here closed unsettled at a reaction of about 1 cent from today's top but 1-1⅛ above Saturday's finish, corn ⅝-1⅛ up, oats ¼-½ advanced. Today's closing quotations:

Wheat—Dec., 44⅝-⅝; May, 49⅜-⅞; July, 51-51⅛.

Corn—Dec., 25⅞-26; May, 30-⅝-⅜; July, 32½.

Oats—Dec., 16⅜-½; May, 18-⅝; July, 19.

Committees for Prune Body are Announced Here

With a meeting slated here for November 17, when preliminary work toward organization of a state prune association will be made, a committee of 15 to formulate the state program has been named by A. E. Bouffleur, as follows:

W. Frank Crawford, route 1, Salem; W. W. Way, Salem; Newt L. Guy, Dallas; J. B. Blacklaw, Lebanon; E. C. Brown, Oregon City; Billie Woods, Vancouver; Pete Parson, Banks; J. B. Herring, Dundee; Abe Laughlin, Yamhill; Vic Looney, Jefferson; L. B. Harlow, Eugene; G. A. Herigstad, Silverton; George Neuner, Portland; T. B. Busenbark and L. E. Thompson, both of Roseburg.

Remains W. Yergen Arrive For Burial

AURORA, Nov. 7 — Willard Yergen, son of Chas. Yergen, died in Los Angeles Oct. 31. The remains arrived at Miller's Mortuary Friday night. Willard was born near Butteville Aug. 7, 1905. Interment will be at the Yergenville cemetery, but arrangements are incomplete.

Midwest Demand for Celery is Taking All Offerings

PORTLAND, Nov. 7—(AP)—Market for butter shows a generally steady tone although there is not much snap to the buying of 92s and higher. Local make is showing an increase but a decrease from the country is reflected.

General steadiness continues in the market for eggs. No change in the price was announced by E. J. Dixon, manager of the Pacific Coops. There is a slight decrease in eastern storage trade. There was no further general change in the price of cheese at leading American centers. The situation continues to reflect more or less easiness at the source.

There was no change whatever in live chicken prices for the week's opening. Demand is good for hens but remains rather slow and weak for springer stuff. The latter is down a fraction again to a new low.

Market for country killed meats started the week without price or condition change. Veal remains in a very liberal offering and is inclined to show weakness. Hogs have held steady.

Increased movement of celery to the midwest and the southeast is taking care of all offerings. The wet weather has interfered somewhat with the movement from the farms. Sales chiefly 70c half crate in carlots.

Trading in onions at Oregon country points continues nominal with 35-40c cental being offered but not acceptable to growers generally. No business appears possible at the moment beyond this spread.
