DUNNE WILL BLOCK SHORTCUT SCHEME

Injunction Will be Sought In Circuit Court Here Against Fund use

Just as he had threatened to do, Senator Joe E. Dunne of Multnomah county is taking action today to prevent the construction of the Wolf creek highway from Portland to the sea, his attorney Otto K. Paulus announced last night.

A complaint will be filed by Dunne in circuit court here today to restrain the state highway commission, defendants, from entering into any contract for construction of the new route.

Dunne sets out in his complaint that any such expenditure as the \$150,000, proposed for construction of part of the route, would be void and unlawful because the highway has never been chosen or designated by the state legislature or by the people of the state of Oregon through the exercise of their legislative powers either by means of designating the terminal thereof or by any other means; and that the proposed route is not a part nor variation of any designated highway which has been designated by competent legislative authority.

The plaintiff names Leslie M. Scott, Carl Washburne and Edward Aldrich as defendants and names himself as a resident and citizen of the state of Oregon, a taxpayer, property holder and automobile owner who has paid his license fee for the year 1932-33.
