They of course asked us to invite you all to come to the Market Friday and Saturday if for nothin else than to watch em strutt around and hear em brag on their respective foods, and of course your ad writer will be there, whose presence adds weight to any crowd, oh around a coupla hundred pounds we'd say. Among the hundreds of items being featured at the Market Food Show Friday and Saturday are some of the most popular foods the finest manufacturers and packers have to offer. One of the boys told us we could list a lot more of these items if we'd cut out a lot of Gab. Maybe so we said but we've got to do so much gabbin.

Another manufacturer featuring their products is Pillsburys. They will serve steaming hot hot cakes, upside down and angel food cakes. Pillsburys are quite proud of their products and well they may be to because they represent a quality not always to be found in other lines.

Heres something the Kiddies will want and also something every one else will be using once they've tried it. 8 Bars of the new White King toilet soap and a box of 8 Chandu Magic Tricks
