Country-City War Renewed, Butter
 PORTLAND, Ore., Nov. 17—(AP)—There was a general renewal of warfare by country and city creameries in the purchase of butterfat today. So scarce has become butterfat that as high as 24c lb. for churning cream is being paid for supplies at some Willamette valley and coast points as well as by local centralizers. This was discovered late in the day after local interests had announced a rise of but 1c lb.
