Financial Marts Loiter, Slight Movement Seen

NEW YORK, Nov. 32-(AP)-Except for wheat, which had a fairly brisk early rise, financial markets loitered along familiar and uninteresting roads today. Stocks scarcely moved. Sales amounted to 535,080 shares.

A break of about 4 points in Coca Cola was the only net change of consequence among market favorites. Pressure against radio relaxed, perhaps because speculators had found that selling of the shares yesterday made no impression elsewhere. U. S. Steel, American Telephone, American Can, Allied Chemical, Westinghouse, Union Carbide, New York Central, American Tobacco "B", and Standard Oil of New Jersey had negligible ups and downs. Loew's and National Biscuit lost a point each. General foods was heavy.

A sharp upward trend in the

production of vegetables for sale, and in medicinal, nursery, flower bulbs and seed, and florists crops in Oregon from 1919 to 1929 is shown by data just published by the college extension service. The acreage of these crops is still relatively small, however, being less than 1 percent of the total acreage from which crops were harvested in 1929. Their importance is shown by data on receipts

terday was by Tom Livesley, who paid 20 cents for 20 bales of 1931 fuggles. That is almost double the offerings two weeks ago. NOTICE OF APPOINTMENT
