#### Loses Three Cents: Wheat Rises to 431/2c Here

Butterfat bolted downward 3c yesterday to lose some of the gain made prior to Thanksgiving. The prices quoted locally yesterday were 26c on sour and 28c on sweet. Butter, prints, was quoted

28c, and cubes 30c. What made a gain of 11/2 c a bushel, with new figures 43 1/2 c on white and 41 1/2 on red.

PORTLAND, Dec. 7-(AP)-Cut of 2c in the price of cube butter on the produce exchange here for the late session was not exactly a surprise. Although such action should have occurred some time ago if supply and demand had been followed.

Previous manipulation of the market which carried values to the 30c mark for extras, was not at Il justified by either supply or demand on the open market. a there never was more than a temporary shortage in the supply and this was not at all serious. The manipulated advance here gave great aid to speculators owning considerable storage butter which they were trying to unload at a greater profit by artificially boosting the fresh churning price.

The price of butterfat was reduced openly 3c lb. but secretly is down only 2c in spots.

Further shading of local egg prices is reflected here although no open cuts are confirmed by the Pacific Co-ops. Recent loss in New York has caused F. O. B. buyers to reduce their bids here. There is practically no demand whatever for live spring chickens and receivers are asking that the country cease shipment until a market can be found. Hens are

holding up fairly well. With fowls way down and with country killed meats in liberal offering, the latter are inclined to show generally reduced values long the wholesale way. Veal es-

NEW YORK, Dec. 7 .- (AP)-Stocks were mildly ambitious today, but had some difficulty in adding to yesterday's gains. However, the tone was generaly firm and the market closed with a small average advance.

Except for small fractional losses by U. S. Steel, American Can. American Telephone and others, leading issues showed general, if narrow, net advances, although even at their best quotations had been scarcely more than a point higher. Union Pacific sagged a point and American Water Works receded on its dividend reduction to a \$1 annual basis from \$2. Texas corporation and Standard of New Jersey improved a point. Du-Pont. Chrysler, Harvester, Montgomery Ward, U. S. Industrial Alcobol, Seaboard Oil, International Silver, Case, Missourl Pacific, Pennsylvania and Baltimore & Ohio, were up fractions at about
