

## DELINQUENCIES MOUNTING HERE

One-Third Taxes due Last Month Missing, Funds So far Adequate

(Continued from page 1)  
Federal government on a \$100,000 match-money appropriation by the county court for the North Santiam road. The work was held back by the federal government in 1932 and money not demanded until the bureau of roads asked for \$20,000 recently.  
Large Balance at Year's End Foreseen  
County officials estimate that the county will have between \$250,000 and \$300,000 cash on hand at the close of business December 31, 1932.  
Should tax delinquency mount heavily in 1933 this reserve might be wiped out before the year ended but county court officials do not think this probable.  
Marion county has no outstanding warrants and has no bonded debt.

## Russia Seen as Factor Toward Peace in World

"Russia has done more to bring universal peace than any other nation in the world," declared Colonel C. A. Robertson at the Lions club luncheon yesterday noon. He pointed to 19 non-aggression pacts entered into by Russia and by Russian leaders' offers to participate in conferences for economic adjustment.  
"Russia has the same interests in the far east that we do," he said. "Russia is growing in stability despite her mistakes. She deserves the same consideration from us as other nations."

## "KEEP TO THE RIGHT" IS WRONG

Pedestrians who walk on the right instead of the left side of high-ways place themselves in grave danger, Charles Pray, state superintendent of police, declared yesterday. The photograph, above, taken by state police officers, shows a before and after picture of the results of such action. Pedestrian, above, was walking on the right side of the road when struck by the car attempting to pass him. Only the left side is permitted the pedestrian, according to the law. Motor accidents resulting from such collisions, as well as fatal accidents to road-walkers are numerous, Pray said.

## Mickey Mouse NOTES

I just came in from the cold—there's no use explaining it to you.

M M C  
Just think how much worse you'd be if you didn't have a coat on your back—or even a shirt on your back—or even a back.

M M C  
Let's forget the weather—Marion Draper's Rat sure sounds great—yes, Marion's quite a musician.

M M C  
We've now taken in a new member for our stage shows—his name is George—and didn't he do great last Saturday. I think his whippers are extra!

Murray Wade, Jr., has got over his sickness, and he'll be with us again tomorrow. Glad to see you up and at it Junior. Zollie.

## BUDGET FOR ROAD WORK IS \$292,000

(Continued from page 1)  
The county court here will not expend its budgeted item of \$70,000. Similarly work on county roads, ferries and bridges will be largely dependent on legislative action for this item of \$80,000 is only the amount the county anticipates it will receive from its share of auto license payments. Last year the county court budgeted \$175,000 for county road, bridges and ferries and anticipated in miscellaneous revenues \$130,000 from auto license. It has this reduced its estimates of income \$40,000 and its estimates of expenditures in this department \$85,000.  
Market road maintenance of \$40,000 comes from a levy on all real property in the county. The levy of \$23,000 is only to be made on property outside of Salem since the Oregon law provides that incorporations are not to be included in this tax for county roads.

## WRANGLERS BEAT MILL CITY QUINT

The Mill City Red Devils are the most recent victims of Cadwell's Wranglers, who defeated the crimson demons on their home floor Wednesday night, 36 to 19.

Both teams started at a slow pace and only three points were chalked up in the first quarter. In the second period the Wranglers began connecting frequently and were leading 19 to 6 at half time.

Mill City went on a scoring spree early in the second half but was soon checked and the Salem boys continued to increase their lead.

Summary: Mill City W. Herberger, 9 F. Kelly J. Herberger, 10 F. 9, Catherwood Gleason, 6 C. 3, Harris Hendrie, 3 G. 2, Walther Arnesmeier, 4 G. Gregory Gardner, 4 S. 1, Ellsworth S. 1, Hoyle

## HORTICULTURISTS CHOOSE CARLTON

(Continued from page 1)  
as best method of standardizing the pack, and said the industry has brought an average of \$150,000 annually into the section the past 10 years.

Growing and handling of Lake Labish onions was discussed by A. F. Hayes of Hayes farm, Brooks, who said that despite a disastrous opening season this year, when the biggest crop in history was harvested, the growers are meeting production costs on the present 70-cent price. He sees a bright spot in shipments made this year to Manila and Hongkong.

Perfection of an onion with good keeping quality, and care to standardization have helped make the Labish yellow danner onion one of the most-sought on the market, Hayes indicated. Dusting by airplane as an experiment against thrip last year was not a decided success, he said.

that the knowledge of the good to be done with the funds received from the show and the sum total makes an ideal evening's entertainment to patrons.

For the first time in history, the All-American football team was assembled on the playing field, for the making of "The All-American," the Universal gridiron drama which comes to the Elsinore theatre today. In addition to these players from all parts of the United States, members of the 1931 team, the supporting cast of the picture also includes a score of outstanding football stars of other seasons.

"Pack Up Your Troubles," the latest Laurel and Hardy feature-length comedy, which comes to the Capitol theatre starting today, marks the second full-length attraction starring the popular laugh team.

More than a year ago they were starred in "Pardon Us." Since that time they have been diligently searching for a new idea for their second feature. How well they have succeeded in bringing to the screen one of the most humorous offerings of the season will be revealed when "Pack Up Your Troubles" is shown at the Capitol.
