Old Timers Avow Weather Coldest It Has Ever Been

MEHAMA, Dec. 10—Thursday night experienced the coldest weather that has been known here for years, at least, and some say it was the coldest it has ever been. Thermometers on the north side of buildings read 10 below and others read 8 below. Quite a showing of dust, supposedly from eastern Oregon, as the wind was blowing directly from the east, was noticed around 3 o'clock in the afternoon yesterday and this morning great cakes of ice are floating down the Santiam river. The extremely cold weather came on so suddenly that quite a loss was suffered in these parts. Not only were the radiators of cars frozen up, but several people reported a loss of apples and potatoes which were put away for winter.

SCHOOL DISMISSED HAYESVILLE, Dec. 10—School was dismissed at noon Thursday as the cold weather had frozen the pipes and cut off the water supply. girls school at Stu Liu near Canton.
