Troy Outsmarts Ramblers to Win Gridiron Epic 13 to 0

NEWCOMER TO MAT HERE

In Scoring Zone

By BRIAN BELL MEMORIAL COLISEUM, Los Angeles, Dec. 10-(AP)-Southern California outplayed Notre Dame for three periods and outsmarted the visitors all the way to win the annual football battle between the Trojans and Ramblers 13 to 0. A record crowd of 100,000 saw the home team win its 19th straight game and move a step closer to a second national championship in two years.

The crowd set a new attendance mark for football games this season in the nation and was the biggest assembly ever to witness a game in Los Angeles. The record crowd saw a record performance. The Trojans made history for their seven years football war with Notre Dame for this was the first time the Howard Jones team has won twice in successive seasons from its rival. Notre Dame, however. continued to hold a one game margin for the series, four to three.

Southern California rode to victory on the flying feet of Ir-"Cotton" Warburton, a vine pint sized quarterback, a sensational catch of a forward pass by Bob McNeish and a series of well placed quick kicks. Warburton Points

Trojans to Victory

Warburton, little but fast. started his team on the road to the first score in the second period by returning a Notre Dame punt 39 yards to the visitors' 44 yard line. The little fellow dashed to the 30 yard line on the next play. Notre Dame called a halt through the line then, but Homer Griffith on fourth down, with the ball on the 31 yard line tossed a pass to McNeish who made a sensational catch over his head two yards from the goal line and stepped over. A quick kick in the third period was fumbled by Chuck To Top West Seattle Club period was fumbled by Chuck Jask which, Boh Erskine recover-ing for the Trojans on Notre 66 to 0 on Frozen Gridiron CHURCH LEAGUERS' Dame's 26 yard line. Southern California moved on to a second touchdown by successive running

plays.

"The state tax commission last year eliminated the state property tax solely for the purpose of giving relief to distressed property owners during the present worldwide financial crisis, Had the commission pursued the routine procedure of previous administrations and levied a property tax last December, the state would now have ample funds not only to take care of the cost of state government but also to apply on the inherited deficit.

"The commission estimated and it believed conservatively, that with the eccnomies and curtailments introduced into the administration of state affairs, ample revenue would be derived from the income, intangibles and excise taxes and other receipts to maintain the state government and its

Revenue Shrinkage Is Cause of Crisis

"Although the estimated economies have more than materialized. there has been such a shrinkage in revenue receipts that the state Jax commission has to face the necessity of restoring the property tax when under law it makes its levy this month.

The lifting of the property tax for state purposes this year afforded tax relief when it was desperately needed by property owners and counties distressed by ever-mounting delinquencies. If we go back to the practice of previous administrations, that of levying a property tax, the burden falls on the counties, not on the state, for that portion of the property lax allocated for state purposes is set Installation of officers by Dep- uside from the first moneys colity W.
