Much Food Gleaned By Pair Traveling Under False Color

CLOVERDALE, Dec. 17.—A man and woman driving a sedan car bearing a Washington license appeared here Thursday with a pitiful tale of seven children at home, two ill with flu, no food at home, not even wood to cook the evening meal and just down and out and then offered a package of needles, the size that have been sold on the streets of Salem for 10 cents, for 25 cents. If one did not care for the needles they would be glad for any food. The seven children proved not to be very hungry when he refused to accept potatoes at one place and by the looks of his packed car they will live very well for a time. Cloverdale people are very generous and sympathetic but were greatly incensed to hear that the Silverton district had been "worked" a few days before by the same people with the same story.
