

TROJANS TAKE 35-0 VICTORY

Eastern Team Puts up Tight Opposition for Three of Periods, but Wilts

(Continued from page 1)

Griffith drove to a first down in the middle of the first period and Clark in three plays advanced another first down on Pitt's 27 yard line. Griffith picked up three at tackle before launching his pay-off pass. Homer lunched back to the 15 yard line and passed the ball straight into Ford Palmer's hands over the goal line. The ball went by Sebastian, standing at Palmer's elbow, but it had passed before the southpaw could stretch out a hand to knock it down.

Stabhorn Goal Line Defense is Staged

Early in the third period after Griffith intercepted a Panther pass on his 33 yard line, Southern California advanced to Pittsburg's 13 yard line but lost the ball on downs there. A Pitt fumble gave the ball right back and this time the Californians went on to score, although Pitt's line, charging in fast, broke up the famous power play twice in a row, and forced the Trojan to throw a touchdown pass on fourth down, Kenneth Bright to Griffith.

Irvine Warburton did a lot of running in the last period, finally winding up over the goal line for the third touchdown. Pitt fumbled on the first play after the next kickoff, Palmer recovering for Southern California on the 23 yard line. Spurling and Warburton moved to the 10 yard line and Warburton took a lateral pass from Clark to score without opposition.

Two ends, Bescos and Brown, gave the way for the fifth touchdown by blocking a Pittsburg punt on the 15 yard line and the Trojan scored again after some difficulty. Dick Barber, the broad jumper, plunging a matter of inches to score.

Ernie Smith, his Southern California tackle playing his last game, closed his goal kicking career in a blaze of glory by booting four between the posts and George Lady made it a perfect afternoon for goal kicking by pushing the first cross.

Considerable Yardage

The winners registered 22 first downs against nine for the losers. Southern California outgained Pittsburg 288 yards to 193 and had an edge in the passing game by completing two in four attempts.

Pittsburg's passing figures showed four completed in 11 tries. There was little to choose in the kicking. Southern California averaged 34 yards and Pitt 32. Penalties were 15 yards against Southern California and 20 yards against Pittsburg.

the pavements yesterday afternoon. In Polk county, the water which Sunday night covered the highway near Dallas and south of Monmouth had receded from the roadway but left fields looking like lakes.

In Salem this morning Lee street was still a rampant stream between 15th and 24th streets and entire blocks in the southeast section of the city were covered with water. The creek continued flowing over the bridge near the Cross and Berry street intersection and flooded the streets and yards for several blocks in every direction. Twelfth street was flooded between Waller and Wilbur streets while 12th was lake-like from the city limits to Waller.

Water from the inundated area east of the Southern Pacific main line tracks was spewing through the right-of-way flooded, spreading over the section to the west. A huge snag lodged against the Mission street bridge between Winter and Capitol streets menaced the structure, bowing in the guard rail so that Commissioner Rogers had the roadway blocked off. The creek was flowing swiftly several inches deep over the bridge roadway.

Several of the low areas over which the water rushed Monday night were clear last night but those in the path of overflow from Mill creek, coming from east of the city limits, were in as bad condition as ever. Sections of 24th street north of State and the Center and 23rd street intersection, which were covered with surface water Sunday night, were free of water last night.

The city street crew was kept busy yesterday clearing brush and accumulations from bridges and pumping water from basements on Court street, 18th street, and in the Hollywood district.

Many persons reported water three and four feet deep in basements and in many homes the water flowed over the first floors. A number of automobiles were stalled in the streets Sunday night, due to the high water.

Streams flowed over portions of Salem airport but did not reach the height of four years ago. Turner road was inundated in some spots but the drainage ditch was reported carrying off most of the water.

Much of the flooding in southeast Salem was due broken dikes along upper Mill creek, Commissioner Rogers said. In other sections of the city, the storm sewers were inadequate to carry off the heavy rainfall.

Medford Man is Killed in Crash

MEDFORD, Ore., Jan. 2.—(AP)—John Higley, 48, was killed Sunday when his auto collided with a machine driven by Rev. L. F. Belknap, a retired minister of Phoenix, Ore. The accident occurred, state police said, when Belknap attempted to make a "left-hand" on the Pacific highway, a mile south of this city.

EDWARDS RETURNED
"Shorty" Edwards, former city policeman, has returned to Salem from California, where he spent the past year, most of the time at Long Beach. Business conditions in the south are poor and many oil wells closed down, he said. Edwards also once was employed at the state penitentiary.

FIRST FIRES REPORTED
The first fires reported in the city in 1933 were chimney blazes. Both occurred Sunday, in the forenoon at 1056 Chemoeka street, and the other at 1:15 p. m. at 33rd and State streets. No damage was reported.

WELL, the big day has arrived—the start of the legislature which before it finishes may give quite a few citizens a feeling like the morning after a New Year's celebration. And virtually all members were here last night to attend the caucuses in the Marion hotel. One vacancy was noted, though, Tommie W. Wiers, representative from Hood River, who has not yet recovered from injuries sustained in an auto accident.

And what will be left of the organization business of the two houses will be completed shortly after 10:30 this morning after the members have been sworn in. The actual work or organizing was under way at the Marion hotel last night after this column was written. And the affairs are well attended.

The governor, who arrived here early yesterday and was at his office much during the day yesterday, was expected to deliver his address to the special session shortly after noon, at about two o'clock. It was estimated by the executive staff that his talk would require about 15 minutes after which the session will adjourn for the day.

A lot of people looking for work were at the hotel last night, including several more successful who have already been assured work. All day yesterday at the capitol, young

And Southern California didn't appear to let such things as legislatures stop its winning streak and smothered Pittsburg under an avalanche of passes and scrimmages to a tune of 85 to 0 to give the west again the national championship in football. There doesn't seem to be any stopping those Trojans.

And that overwhelming victory over one of the east's best ends finally the year's football season. But it won't be long before September will be here again to see some more.

Orey Thurston, Silvertown High School Boy Dies
SILVERTON, Ore., Jan. 2.—Orey Thurston, 19, Silvertown high school student, died Sunday night at the Silvertown hospital, three hours after he was taken there as a result of a heart complication. He was the second high school student to die during the Christmas vacation.

He was the son of Mr. and Mrs. Guy Thurston, and is survived also by two brothers, Allen and James, and two sisters, Maude and Florence. Thursday he was born in Eyr, Nebraska. A funeral will be at 1 o'clock Wednesday afternoon from the Larson and Son chapel, with interment in the Bethany cemetery.

Vacation Ended; Re-entry Permit Isn't Necessary

Schools open today and many children returning will have had more than the regular vacation period because of the influenza epidemic. It will not be necessary for these boys and girls to obtain a re-entrance permit from the health center, Dr. Vernon A. Douglas, county health officer, announced last night.

All children who were absent because of illness just preceding the holidays are to report directly to their own schools. Principals and health nurses will decide on whether or not they are fit to return to classes. If there is any doubt, they will then be sent to the health center where Dr. Douglas will be on duty.

HIGHWAYS BLOCKED IN MANY SECTIONS

(Continued from page 1)

Special rain and westerly winds. Seventy-five automobiles carrying sports lovers were marooned in the Mount Hood winter sports area Sunday when two feet of fresh snow fell. Snow-plows finally opened a one-way road from Government Camp to Rhododendron, where the snowfall was less heavy.

A number of slides, resulting from the rain, were reported to have blocked traffic on several Oregon highways. One was at the foot of Laurel hill between Rhododendron and Government Camp. Another eight miles east of Scottsburg, closed the Drain-Reedsport highway for a while. Traffic on the Columbia river highway was delayed for a time by a small slide in the Columbia gorge.

Slides were reported to have hampered traffic temporarily on several Portland streets. A snow slide at Wicopee, near Crescent Lake in the Cascades, delayed the Southern Pacific train schedule for four hours. Snow had been falling steadily in Klamath Falls for 12 hours.

Surface water was reported to be standing a foot deep over the Pacific highway at Harrisburg and between Junction City and Eugene. Water was threatening to rise over the highway just south of Eugene.

Wapinitia highway was closed to traffic this morning after a two-foot snowfall developed a bad situation. Train service on the Marshfield branch of the Southern Pacific railroad was at a standstill as the result of a slide covering the tracks at Swishome, east of Cushman.

Woman Reports Being Kidnaped Sunday Morning

Mrs. Eldon Dorman, wife of a Salem motion picture operator, reported to state police Sunday that she had been kidnaped. She was taken to a rooming house and forced her to drive them toward Eugene. She said they faced her with a gun as she stopped at a through street while enroute to a shop to purchase supplies for a lunch.

According to the tale she told police, the woman's car ran out of gasoline 10 miles north of Eugene and the men disappeared while she was going for help. She described the men as about 22 years of age and the other slightly older. Other than searching her for valuables, they did not molest her, she said.

Just make it easy to pronounce and easy to remember. But send it right away, or you may be late for the promptness prize.

All entries must be sent to the Publicity Director's office, George Blake, Studio M-339 N. Sycamore Ave., Hollywood, California. Only one suggestion for a name should be submitted by each contestant. Everyone is invited to submit a name, and in case of ties, duplicate awards will be given. Officials say that any name may win the \$800.00, even if submitted on

a postcard or scrap of paper. If you can use \$800.00, here is an opportunity to get it. Send your suggestion at once.
