Here's the Place - Here's the Reason

Look Ahead and Not Behind

Look ahead and not behind. Hats off to 1932 with its joys and disappointments; its politics and its seemingly endless turmoil. We're starting the new year like the dawn of a new day, bringing with it the necessary spirit of renewed hope. With this our greatest 2 for 1 Sale and Progress Campaign for 1932 Bishop's faces the new year with the utmost confidence.

For nearly half a century Bishop's have stood the storms that have cast assunder many institutions; certainly some reasons for the continued growth and the overwhelming number of satisfied customers over these long years. Indeed we are grateful to the people of the Willamette valley for their patronage and confidence, and now at this particular time when everyone needs confidence and consideration, we come to you as in the past ever mindful of conditions and your personal welfare in this great Progress Campaign with a fixed purpose. 1st. To give every man in Willamette valley the greatest savings in clothing history. 2nd. To give us, regardless of profits, a volume that will surpass previous years... and now we say with all earnestness, you can't afford to miss these savings. Buy the clothes you need now... See our windows and be here without fail for the opening days.
