Open Cut in Egg Prices is Slated For Tomorrow

PORTLAND, Jan. 14.—(AP)—An open cut of 2 to 3c dozen will be named by the Pacific co-ops for eggs Monday morning, following the secret cutting of similar sums by some outside and private interests this week. In fact most dealers were today quoting a cut of 2c for eggs with extras 24c while talking of sales up to 28c or even higher.

The new price of the Pacific co-ops Monday will be: Extras off 2c at 24c and standards and mediums off 3s and 22c dozen.

WHEAT VALUES PITCH BACKWARD

LOCAL BUTTERFAT IS DOWN 2c MORE

Concentrated Selling To Stop Losses Is Reason

CHICAGO, Jan. 14.—(AP)—An outbreak of concentrated selling pitched wheat values backward late today, and more than offset earlier gains.

Much of the selling which accompanied the break in wheat was attributed to sudden liquidation of holdings by a large professional trader. Stop-loss orders from other sources were automatically thrown on the market as a result of the quick fall of prices. Recent broad general speculative buying support had evaporated.

After a tumble of more than a cent a bushel, wheat closed unsettled, ⅝-¾ under yesterday's finish, corn ¼-⅓ down, oats unchanged to ⅛-¼ off.

Today's closing quotations:

Wheat — May, 47⅝-⅝; July, 47⅝-½; September, 48-48¼.

Corn — May, 27-27½; July, 28½-⅝; September, 29⅝.

Oats — May, 17¼-⅜; July, 17½-⅝.

WALL STREET ENDS WEEK BY DULL DAY

NEW YORK, Jan. 14—(AP)—Stock trading was of a routine nature today. Weekend profit-taking sent prices off for a time, but leaders met fresh buying after a moderate setback and there was generally little change by closing time. Turnover totaled 360,910 shares.

Tobacco shares made another favorable showing, net gains for the three leading members of that group running from a fraction to just over a point. Procter & Gamble slid off 1 3-8 net on announcement of the dividend reduction to $1.50 annual basis from $2. McCrory stores issues were firmer.

Automobile stocks tended to sag, but Chrysler's loss of a point was exceptionally large. Rails were little changed at the close, favoring the down side by a narrow margin. Small net losses appeared in American Telephone, American Can, Allied Chemical, Union Carbide, United Corp., U. S. Steel and Santa Fe, while National Biscuit, Consolidated Gas, Pacific Lighting Drug and several others finished slightly higher. Eastman rallied more than a point and Homestake jumped about three.

Digging to test soil on the site for the new federal building at San Antonio, Tex., workmen struck water at 25 feet.

FOURTH OF BERRY CROP IS EXPECTED

CLOVERDALE, Jan. 14.—The past week has definitely revealed the extent of damage by the December frost to grain and fruit.

This vicinity has large acreage of grain frozen out, which causes not only a loss of seed but in some cases a year's work of summer fallow. The strawberry industry is badly hurt too, as in some cases only a fourth of a crop may be realized, but the growers do not seem discouraged, as the past year has proven that the buyers do not want what one has the most of, so as much may be realized as though there were a full yield.

Poultry seems to be the most profitable at present, even at the low price of eggs. As one farmer stated, with cream at 19 cents he realized more from the sour milk which he fed to the chickens than from cream.

Matches account for 17 per cent of Sweden's total output of chemicals.

Result of Previous Inflation, Said; New Peas in

Markets displeased the dairymen Saturday when the butterfat price locally fell another two cents, bringing it down to 14c. Other northwest markets declined at the same time, illustrating the belief that this is not merely a local problem, but one which is thought to be the direct result of previous inflation.

Salem housewives may now serve new peas, which, shipped from California, are being sold by local grocers at two pounds for 35c.

CUBE REDUCTION IS NO SURPRISE, SAID

PORTLAND, Jan. 14—(AP)—Cut of 2c in the price of cube butter for the weekend session of the produce exchange was a surprise only in that it reflected that the coast trade in general was so thoroughly demoralized that anything can happen to values.

The latest cut in the price—one of a series of bad breaks—appears the direct result of the former sharp advance in price engineered at Portland and followed generally by the market along the coast.

Butterfat values were down 2c lb. again with both butter and butterfat at the lowest price known here.

Trading in the egg market appears fairly steady in the local section although the undertone in general was easy. Prices were being fairly maintained except by some outsiders.

Well held prices were continued in the market for country killed meats in general, canner cows being the weak exception. Better receipts however took care of the trade wants in most lines toward the weekend.
